## Rebels Claim to Hold Madrid's Water Reservoir

Attack Is Pressed on Spanish Capital From Several Directions; Loyalists Use Waters of Dam to Flood Big Area

## Reported Azana No Longer President

Canadian Press from Havas

Jerez de la Frontera, Spain, Sept. 24.—Insurgent wireless reports claimed new victories in the field today and declared President Manuel Azana was no longer functioning as chief executive, having delegated his powers to Diego Martinez Barrio, president of the Cortes and former Premier.

Martinez Barrio is the leader of the Radical Democratic Party, backing the original aims of the 1931 revolt, complete separation of church and state, and improvement of the social condition of workers and peasants.

The wireless reports said insurgent forces now fully occupied the Losoya region, about forty miles north of Madrid.

## WATER SUPPLY

Rabat, French Morocco, Sept. 24 (Associated Press).—A broadcast picked up from Spanish insurgent headquarters at Burgos today said "insurgent troops had occupied Losoya village and Lake Losoya, Madrid's main water reservoir northwest of the capital."

The government said it believed the town had been destroyed and with it considerable amounts of insurgent guns, trucks, horses and mules.

(Dispatches from Burgos, seat of the insurgent junta, said Fascist northern armies were driving through mountain passes with the intention of meeting a southern column in the vicinity of San Martin.)

At the same time, the official radio ordered all militiamen in Madrid to report to barracks and their drivers to stand by at garages for orders.

## TOLEDO BATTLE

The government also announced its forces in the Toledo sector were re-

(Turn to Page 2, Col. 1)

## GIANTS WIN BALL TITLE

## New York Defeats Boston in Ten Innings to Clinch National League Flag

Boston, Sept. 24.—New York Giants clinched the National League pennant today by defeating Boston Bees 2 to 1 in the ten-inning opener of a double-header.

Climaxing a drive they started on July 15 after sinking to second division, the Giants scored their ninety-first victory with today's win. They have four games to play. The second place St. Louis Cardinals, with eighty-five victories, have five to play, and by winning all their games will still fall short of tying.

The victory moved the Giants five and a half games in front of the Cardinals before the gas house gang started their doubleheader today with the Cincinnati Reds.

**COSTLY ERROR**  
Hal Schumacher's seven-hit pitching and a run in the tenth inning on Bill Urbanski's two-base error of Travis Jackson's liner and Schumacher's single sewed up today's victory for the Giants, breaking up a pitcher's duel between the New York ace and Danny Macfadyen.

## Trotsky Denies Plot in Belgium

## In Norway He Says He Merely Wrote in Light of History

Oslo, Sept. 24.—Leon Trotsky, interned Bolshevik exile, denied today he was trying to "foment an insurrection" in Belgium, as charged by Belgian police.

Letters seized by raiders at the quarters of Walter Dauge, leader of the Trotskyist revolutionary Socialist party of Belgium, indicated Trotsky urged agitation for arming the Belgian workers.

"I only expressed myself from the historical point of view, and drawing on my own experience, stated the working class must prepare itself as regards arms in order to repel armed aggression by the fascists or any others," said the former Soviet leader.

## Big Lettuce Crop Delayed On Way To Market

While committees today were submitting a settlement suggestion made by Governor Frank F. Merriam to the strikers and employers, the lettuce warehouses in Salinas County, California, known as the chief source of supply of that vegetable for the fall market in the United States, still were picketed. However, the pickets had been warned not to gather in large groups, in order to prevent repetition of disorders of last week which brought injuries to eleven persons. A few workers have returned to fields pending settlement of the wage demands. The picture above gives an impression of how busy a large lettuce field is when picking is at its maximum.

## Italy Not Joining League Talks, But Will Not Resign

## Mussolini Is Expected to Outline Course in Vigorous Statement, Following League's Seating of Ethiopians

Rome, Sept. 24.—Seats for Ethiopia in the League of Nations Assembly mean Italy's absence from European council tables, well-informed sources declared today.

Premier Mussolini, whose attempt to have Emperor Haile Selassie's representatives barred from Geneva failed yesterday, was reported considering a vigorous statement of his future policy.

He may outline future Italian action, these sources predicted, but probably will not resign from the international group.

Chances for discussion of the Locarno situation—made necessary by Germany's reoccupation of the Rhineland last spring—faded with assertion the Italians would not participate in the conversations.

By GEORGE HAMILTON  
Canadian Press Staff Writer  
Geneva, Sept. 24.—Gravely bowing, the Negus, a short, slight figure, stood today before a great gathering of international newspapermen and stressed the grateful thanks of Ethiopia for the action of the League of Nations Assembly in permitting her delegates to attend its sessions.

It was a curious interview. The reception room in the hotel by Lake Geneva where the Emperor is staying with the Ethiopian delegation was crowded.

**READ IN FRENCH**  
Without formality the Negus slowly entered and with a bow read in French: "We wish to express our profound recognition for the decision of the assembly which has rendered justice to Ethiopia. In the name of the Ethiopian people, plunged in misfortune, I give thanks to all those who collaborated to this end. The reservations made by the Ethiopian delegation with regard to certain of the reasons given in the report are justified by the fact that those reasons offend the principle of non-recognition of territorial acquisition obtained by force."

Again the Negus bowed gravely. Then he quietly left the room. The assembled newspapermen had not one word to say.

**NOT RAISING QUESTION**  
After Haile Selassie had conferred with his advisers and the Ethiopian delegation, he said: "Ethiopia has no present intention to raise the question at this session of reaffirming the principle of non-recognition of territorial acquisitions obtained by force."

"The delegation is not committed regarding the future," he asserted.

**REPEATS REMARK**  
"Four years ago I exclaimed in the House of Commons: 'Thank God for the French army!' I repeat that today with conviction," he said.

"The British fleet is far stronger in relation to any fleet or combination of fleets in Europe than it was in 1914 and by arrangements now made by His Majesty's government its preponderance is being certainly and fully maintained for the future."

**SCORES SYSTEMS**  
Mr. Churchill attacked both the Bolshevik and Nazi systems of government.

"There are three kinds of nations in the world," he said, "those governed by Nazis, those governed by Bolsheviks and those which govern themselves."

"The British, the French or the American democracies would be very miserable if they suddenly were put under Nazi or Bolshevik rule."

## Baby Under Train Unhurt

Kittanning, Pa., Sept. 24.—Eighteen-month-old David Abrams nursed a cut on his forehead today, reminder of having a 100-car freight train roar over him while he lay between the rails. The baby apparently had strayed to the tracks while at play and fell asleep.

## King Is League Vice-president

## Prime Minister of Canada One of Six Chosen By Assembly at Geneva

Geneva, Sept. 24.—Canada today was elected to one of the six vice-presidencies of the League of Nations Assembly.

The vice-presidency goes to the chief delegate of the country elected, in this case Prime Minister King.

Fifty-two delegates voted. Canada received thirty-nine votes. The other countries elected, and their votes, were: France 49, the United Kingdom 47, Yugoslavia 44, Soviet Union 5, Italy 32. One ballot was declared void. Italy, although elected a vice-president, had not sent a delegation to the present Assembly.

## NEW U.S. LEGION HEAD

Cleveland, O., Sept. 24 (Associated Press).—The American Legion today elected Harry W. Colmery of Toledo, Kas., national commander by acclamation.

## Churchill Urges Democracy Defence

## Suggests French Army and British Navy Be Ready to Prevent Upset

Canadian Press From Havas  
Paris, Sept. 24.—Mr. Winston Churchill, in an attack on Fascism here today, called on the French army, "by far the finest in the world," and the British navy, "which is far stronger than it was in 1914," to be ready to defend the democratic heritage against attack.

Mr. Churchill, former British Chancellor of the Exchequer, addressed a distinguished audience here.

France and Britain were far better prepared to defend themselves than was popularly supposed, Mr. Churchill said, but they should increase their defences and pay particular attention to aviation.

**REPEATS REMARK**  
"Four years ago I exclaimed in the House of Commons: 'Thank God for the French army!' I repeat that today with conviction," he said.

"The British fleet is far stronger in relation to any fleet or combination of fleets in Europe than it was in 1914 and by arrangements now made by His Majesty's government its preponderance is being certainly and fully maintained for the future."

Mr. Churchill attacked both the Bolshevik and Nazi systems of government.

## No Mediation Offered As Spokesmen at Nanking Try to Ease New Crisis

## URGE LIQUOR ABSTINENCE

## Board Suggests All United Church Members Follow Rule

Ottawa, Sept. 24.—The board of evangelism and social service today presented a report to the Seventh General Council of the United Church of Canada urging total abstinence from liquor by all members of the church and their families, and claiming the highly-mechanized character of modern life makes alcohol a greater social menace than ever before.

The report, presented by Rev. John Coulter of Sarnia, Ont., described the liquor traffic as "the greatest menace to social wellbeing, to political integrity and to man's freedom," and said "this trade has subjected both individuals and corporations to terrorism. It has sought to corrupt governments by a control of political organizations, and to pollute the sources of public information," which, the committee found, included the newspapers, magazines, radio and motion pictures.

"In a period of extreme depression," the report said, "when the ordinary requirements in the form of food, clothing and shelter are hard to obtain, it is almost inconceivable that \$156,000,000 should be expended on intoxicating beverages in one year."

**WOMEN DRINKING**  
"Now the beverage rooms are often frequented by large numbers of women, many of whom are still young and immature. In social circles also, drinking by women is no longer an innovation. This practice may have important psychological and moral results."

## LOGGER DIES AFTER FLIGHT

## E. Pearson, Flown From Rock Bay to Vancouver Hospital, Passes

Vancouver, Sept. 24.—Emanuel Pearson, flown to Vancouver from Rock Bay, north of Campbell River, on Vancouver Island, yesterday by Pilot E. W. C. Dobbin, died in a hospital today from pneumonia.

Pearson, an employee of the Merrill, Ring, Wilson Ltd., logging company, suffered crushing of ribs in a logging accident in the bush on Tuesday and was rushed to Rock Bay by speeder.

Pneumonia and complications set in later and a call was sent to Vancouver. Pilot Dobbin flying to Rock Bay the next day to pick up the injured man.

Another man, James Lawson, also in the hospital at Rock Bay with pneumonia, was not considered in a serious condition and was not brought out by the pilot.

Company officials here said Lawson had contracted pneumonia previously and had not been injured in an accident as first reported.

## Reich Warship Launching Soon

Berlin, Sept. 24.—Germany's first 26,000-ton battleship will be launched October 3 at Wilhelmshafen, it was announced today. It will carry nine eleven-inch guns, and twelve six-inch anti-aircraft pieces.

## Big Loan Raised In Five Minutes

## London County Council £10,000,000 Issue Is Spectacular Success

By THOMAS T. CHAMPION  
Canadian Press Staff Writer  
London, Sept. 24.—A London county council 3 per cent loan, amounting to £10,000,000 (\$50,000,000) at 99 was subscribed today within five minutes. The result, though not unexpected, was striking evidence of the strength of the gilt-edge market and the popularity of this great governing metropolitan body's financial offerings.

It is noteworthy the loan was not a conversion operation. It consisted largely of "new money" except for £3,000,000-odd devoted to the redemption of housing bonds. The remainder is mainly for slum clearance and provision of a green belt of countryside around London.

## British Ambassador at Tokio Assures Japan His Government Plans No Intervention; All Chinese Officials Agree Grave Dangers of Big Clash Exist; Japanese in Shanghai Ask Tokio to Send More Armed Forces to Protect Them and Others in China

Canadian Press from Havas

Tokio, Sept. 24.—Sir Robert Clive, British ambassador to Japan, today informed Foreign Minister Hachiro Arita that Great Britain has no intention of intervening in Sino-Japanese relations.

Commenting on reports that China was trying to bring Britain into the dispute as a mediator, Sir Robert said the Canton meeting between Sir Andrew Caldecott, governor of Hongkong, and General Chiang Kai-shek, generalissimo of the Nanking government, had no political significance.

## JAPAN BARS U.S. MAGAZINE

## Fortune Not Allowed to Circulate Because of References to Emperor

Tokio, Sept. 24.—The September number of Fortune Magazine, published in the United States, was banned in Japan today because of an article which was declared to treat Emperor Hirohito indelicately.

**GREAT CARE TAKEN**  
New York, Sept. 24.—The editors of Fortune Magazine said today they did not know why the September issue had been banned in Japan.

They said so great was the care taken to avoid offence that the chrysanthemum on the cover had only fifteen petals, because the Emperor alone (in Japan) has the right to use sixteen.

The September issue was devoted entirely to Japan. Five men, one of them a Japanese, worked five months gathering the material, two of the men spending three months in Japan. The Japanese circulation is about 150.

**WHEAT ESTIMATE**  
Winnipeg, Sept. 24 (Canadian Press).—The 1936 wheat crop today was estimated at 223,000,000 bushels by the Sanford Evans statistical service in its final report of the year. Manitoba, the report estimated, produced 30,000,000 bushels, Saskatchewan 122,000,000 and Alberta 71,000,000.

## ALBERTA NOW REISSUES SCRIP

## Certificates Redeemed Recently Are Being Paid For Government Work

Edmonton, Sept. 24.—Prosperity certificates recently redeemed by the Alberta government are being reissued, it was announced here today by Hon. Charles Cockroft, Provincial Treasurer.

He said part of the \$140,000 worth of certificates cashed in the first redemption period had gone out already in government payrolls, mostly for roadwork. The balance would be put into circulation as quickly as occasion for such expenditures arise.

All certificates redeemed would be validated up to date, the government affixing the required number of stamps, the provincial treasurer stated.

## Men Diverting Columbia River

## Army of 5,000 Workmen Speeds Task at Site of Grand Coulee Dam

Grand Coulee Dam, Sept. 24.—The clatter of jackhammers rattling against steel above the roar of quickened activity on the Grand Coulee Dam today.

An army of some 5,000 workmen was hurrying with preliminary steps of what technicians have described as "the greatest engineering battle of all time"—diversion of the mighty and swiftly flowing Columbia. Man has never changed the course of the entire stream.

The river must be diverted so workmen can build the mid-stream section of the foundation dam for one of the greatest hydro-electric and irrigation projects ever undertaken.

The Columbia, at low stage, is pouring past the damsite, in a deep channel, 55,000 cubic feet a second. The entire stream will be moved bodily, so to speak, to a new, man-made channel 200 feet west. Two cofferdams, one upstream and the other down, will make dry an 800-foot section of the river bed. Across this, the midstream section of the dam will be built.

## Red Cross Begins Drive for \$15,000

## Campaign Opened in Victoria This Morning to Raise Money For Local and Provincial Needs; Dean Quainton Heads Committee

The Canadian Red Cross Society this morning officially opened its five-day drive in Victoria to raise the sum of \$15,000 for city and provincial needs.

Hugh Birch-Jones, provincial Red Cross commissioner, issued an official statement in connection with the drive this morning.

"I am proud to feel that in Victoria, he said, 'and that Victoria is leading the way in this first of a series of campaigns throughout the province. I want to thank most sincerely the workers in this campaign who are standing behind us so loyally and in such an enthusiastic manner.'"

## DEAN IS CHAIRMAN

The advisory committee under whose general orders the campaign is being conducted is headed by Dean Cecil S. Quainton, and includes the following: Herbert Anselcomb, M.P.P.; Mrs. Alfred Carmichael, Stewart G. Clark, Mrs. J. Hebdon Gillespie, T. J. Goodlake, A. T. Goward, Mrs. J. Grim-

## Three Are Hurt In Explosion

London, Ont., Sept. 24.—Three men were taken to a hospital, two in critical condition, following an explosion today in the boiler room of the Hobbs Glass Manufacturing Company at York and Ridout Streets here.

One other man was overcome by shock and was taken home for treatment.

## New Talk On Disarmament

Geneva, Sept. 24.—France tonight notified the League of Nations steering committee it would propose convocation of the general committee for a disarmament conference.

## Rebels Claim to Hold Madrid's Water Reservoir

(Continued From Page 1)

claiming an advance by several powerful  
Fascist columns, 12 1/2 miles from  
the city.

Reports that insurgents had captured  
Toledo were denied categorically.  
All the capital's newspapers urged  
the militia to stand resolutely to  
"the end."

From the Alberche dam, more than  
10,000,000 cubic yards of water rushed  
with tremendous force toward low  
ground, where much insurgent war  
material and artillery was reported  
concentrated.

Bridges over the Alberche River, in  
the path of the flood, were believed  
indispensable to the insurgent advance  
on Madrid.

**ATTACKS REPULSED**  
Earlier, the government forces were  
reported to have repulsed assaults on  
defence positions near Maqueda and  
to have turned the insurgents' flank  
near Oropesa.

The "pinching" Socialist movement,  
the war ministry claimed, boxed the  
Fascists between two strong government  
forces to retard the march on the capital.  
Troops of Col. Jose Aseñedo, concentrated  
at Santa Cruz del Retamar, held their  
tightened lines while other columns,  
commanded by Gen. Julio  
Mangada near Oropesa, assaulted the  
insurgent rear guard twenty miles behind  
Fascist field headquarters at  
Talavera de la Reina, the ministry  
asserted.

In addition, communications between  
insurgent units in the Talavera  
sector were destroyed by aerial attacks  
of Socialist bombing planes, the  
government declared.  
**NO PAUSE IN ATTACK**  
Associated Press  
Burgos, Spain, Sept. 24.—Fascist  
northern and southern armies converged  
on Madrid today in a vigorous  
offensive which insurgent commanders  
said would be "continual."  
The booming of Fascist artillery in  
the passes of the Guadarrama  
Mountains north of the city signalled  
the beginning of the drive,  
headquarters of the insurgent provisional  
government announced.  
Military commanders outlined this  
campaign:

### Acids Neutralized

Constipation and clogged intestines  
mean accumulation of acids in  
the system and absorption of  
waste products. Sal Eze neutralizes  
the acids, flushes the  
intestines, relieving Rheumatism,  
Neuritis, Lumbago, Headaches.  
Satisfaction or money refunded by  
all Vancouver Drug Co. Stores,  
24c, 43c and 89c.

## France Seeking to Stop Gold Outflow

National Bank Raises Discount  
Rate to 5 Per Cent;  
Ss. Berengaria Carrying  
35 Cases of Gold to New  
York

Associated Press

Paris, Sept. 24.—The Bank of  
France raised its discount rate  
from 3 to 5 per cent today in a  
drastic move to dam the outward  
flow of French gold reserves.

Financial circles, however,  
watched anxiously in fear the  
two-point rise might fail to stop  
the drain on gold.

Bankers believed the order gave the  
government "at least a temporary  
respite."

The British pound eased on the  
exchange after going above seventy-  
seven francs for the first time since  
June, 1934.

Usually well-informed quarters said  
France already had obtained Britain's  
guarantee that "realignments" of  
the franc would not lead to a depreciation  
of the pound. Britain was reported,  
however, to have attached the  
reservation to its promise that France  
must lower its tariff rates in proportion  
to any decline in the value of  
the franc.

**SPEEDY ACTION**  
The British promise left Premier  
Leon Blum free, the same source  
said, for "quick action" when and if  
it is decided such a step is necessary.

Only yesterday, French political  
circles reported the government,  
worried by the gold drain which be-  
tween August 7 and September 11,  
lost 1,450,000,000 francs (about \$95-  
\$104,000) out of France, had conferred  
with British financial advisers con-  
cerning the possibility of "realign-  
ment" of the franc.

**SHIPMENT TO NEW YORK**  
Last night the liner Berengaria  
sailed from Cherbourg with thirty-  
five cases of gold, bound for New York  
banks. The cabinet is expected to  
devote most of tomorrow's meeting to  
discussion of the situation.

Today's increase in the discount  
rate was accompanied by a rise of  
from 5 to 6 per cent in the rate of  
advances on securities, and from 3 to  
5 per cent on thirty-day advances.

The bank's statement disclosed a  
marked increase in the loss of gold,  
amid the rumors that devaluation—  
long the goal of a prominent bloc of  
statesmen—might be imminent.

The statement showed a further  
loss of 840,000,000 francs (\$53,272,000)  
in the last week reported.

**WALL STREET WATCHES**  
New York, Sept. 24 (Associated  
Press).—Wall Street watched the  
French financial situation closely to-  
day, but with the general belief that  
devaluation of the franc or institution  
of a gold embargo would have  
little, or brief, repercussion here.

## CHURCH DEBATES BIRTH CONTROL

Canadian Press  
Ottawa, Sept. 24.—The seventh  
General Council of the United Church  
of Canada will consider a special  
committee report favoring birth control,  
it was reported today.

Rev. John Coulter, chairman of the  
social service committee, said the report,  
to be presented later in the session,  
favored birth control, but  
contained no recommendation re-  
garding sterilization. He added the  
report recommended any measure to  
legalize birth control be carefully  
supervised.

## Asks More Funds For Missions

Board of Education States  
Views to United Church  
Council

Ottawa, Sept. 24.—The Seventh  
General Council of the United Church  
of Canada was told today encourage-  
ment should be given to bright young  
men wishing to enter the ministry,  
and that more money should be  
forthcoming for home and foreign  
missions.

Rev. Dr. Frank Langford of Tor-  
onto, secretary of the board of edu-  
cation, declared in his report that a  
surplus of about 200 ministers in  
existence at the time of church union  
had been absorbed despite the fact  
theological college attendance had  
been maintained at about the same  
level for the last three years.

Dr. Langford said he did not advise  
any great influx of students, but be-  
lieved it would be in the interests  
of the church to encourage bright  
young men in that direction.

Something more than the common  
school was necessary to keep hu-  
manity together, Dr. Langford told  
the council.

Regret that the grand total of  
Sunday school students had decreased  
3.76 per cent in the last two years  
was expressed in the report.

## URUGUAY-SPAIN BREAK REPORTED

Geneva, Sept. 24.—Uruguay for-  
mally informed the League of Nations  
today she had severed diplomatic  
relations with Spain following the  
reported execution of three sisters of  
the Uruguayan consul in Madrid.

The delegate from Montevideo did  
not request the League to take any  
official action in the matter.

## Tear Gas Sales In U.S. Traced

Senators Are Told of Com-  
pany's Shipments to In-  
dustrial Regions

Associated Press

Washington, Sept. 24.—Large sales  
of gas to industrialists in nearly every  
state were revealed today by the Sen-  
ate committee investigating alleged  
civil liberties violations in United  
States labor disputes.

Testimony that his firm had sold  
almost \$500,000 worth of gas and  
equipment to corporations and indi-  
viduals between 1932 and 1934 was  
given by A. S. Allen, vice-president of  
the Lake Erie Chemical Company.

A "gas map" of the United States,  
showing concentrated sales in indus-  
trial districts, was shown by investi-  
gators for the LaPollette committee.

**SENT TO CALIFORNIA**  
Largest purchases of the gas, com-  
monly used in strike breaking, were  
shown in the steel and rubber regions  
of eastern Ohio, industrial districts  
of New York and Louisiana and  
California, scene of longshoremen's  
strikes.

Explosive, grenades, which might  
cause "severe injury" to any person  
within fifteen feet, were sold with a  
warning that they should not be  
thrown into crowds unless "drastic  
treatment" was desired, Allen said.

**AILIES TOLD THE COMMITTEE**  
He believed he was "improving so-  
ciety" when he sold 7,500 tubes of  
tear gas to anthracite coal operators  
for use in driving "bootleg miners"  
off their property.

The operators paid \$17,000 for the  
gas, Allen said, but had not yet used it.

## TEXTILE PRICE TOLD AT INQUIRY

Montreal, Sept. 24.—Weaving mills  
in Canada were forced to "practically  
abandon" use of acetate yarn in  
manufacture of fine textiles because  
of the "prohibitive price" established  
for the material by the Canadian  
Celanese Company, Phillip B. Hart, an  
importer, charged today before the  
Turgeon textile inquiry commission.

Appearing as a witness at the in-  
quiry being conducted by Mr. Justice  
W. F. A. Turgeon, the importer said  
Canadian Celanese in 1931 had set a  
price of \$1.35 a pound on fine acetate  
yarn. Such a price, he said, would  
not enable other mills in Canada to  
use the material in the manufacture  
of fine textiles.

## MARRIAGE VIEWS DIFFER

Ottawa, Sept. 24.—The Seventh  
General Council of the United Church  
of Canada today received a report on  
home missions for eastern Ontario  
and Quebec saying "no issue so grave  
as the annulment of marriages by  
Roman Catholic authorities has come  
to us in the province of Quebec for  
many years."

The report, tabled by Rev. J. P.  
Tanner of Lancaster, Ont., added:  
"In Quebec there is much disquiet  
and anxiety among Protestants, re-  
sulting from the practice of the  
Roman Church authorities in annul-  
ling marriages performed by Pro-  
testant ministers where one or both  
of the contracting persons are Pro-  
testant."

"The Judicial Committee of the  
Privy Council decided in London, in  
1921, in the case of Despatie vs.  
Tremblay, that religious impediments  
only affected the private conscience  
and had no effect in civil law. Not-  
withstanding the decision of the Privy  
Council to the effect that a marriage  
between a Protestant and a Roman  
Catholic performed by a Protestant  
minister was valid, the Church of  
Rome persists in the annulment of  
such marriages, and the Quebec  
courts give civil effect to annulments  
made by the church, in defiance of  
the supreme court of the empire."

## New Comet Is Being Watched

By Science Service  
Copenhagen, Sept. 24.—A new  
comet discovered in the constellation  
of Aquarius in the southern evening  
sky at the Union Observatory, Johan-  
nesburg, South Africa, by Dr. Cyril  
Jackson is described as faint and dif-  
fuse, with no nucleus. Astronomers  
rate it as twelfth magnitude. News  
of its discovery is being cabled to  
observatories by the International  
Astronomical Union's bureau at the  
University of Copenhagen here.

Whether the Jackson comet will  
grow brighter can be determined only  
when more and later observations are  
made so that an orbit can be com-  
puted.

The astronomical position of the  
new comet "is approximately right  
ascension 22 hours and south decli-  
nation 72 degrees 47 minutes."

**DRIFTED IN  
FLYING BOAT**

Mrs. Marshall Field, Chi-  
cago, and Others Day on  
Queen Charlotte Sound

Vancouver, Sept. 24.—The story of  
a flying boat drifting helplessly for  
nineteen hours on Queen Charlotte  
Sound with Mrs. Henry Field of Chi-  
cago, Pilot Lynn Staples of the Inca  
Mining Corporation, Caracas, V.T.,  
and Mechanic George Land, was re-  
vealed here today.

The plane left Caracas last Friday  
morning, but was forced down by bad  
weather conditions in the northern

part of the Inside Passage for three  
days.

On Monday they resumed their  
journey south, but ran out of gas-  
line while over Queen Charlotte  
Sound and made a forced landing.

From 12:30 p.m. Monday until 2:30  
a.m. Tuesday the plane drifted with  
its three occupants padding in turn  
until they reached Vancouver Island,  
near Port Hardy.

At 7 a.m. they were picked up by  
a fishing boat and towed to Port  
Hardy, where they secured gasoline  
and resumed their flight.

Mrs. Field, wife of a son of Marshall  
Field, United States mail order mer-  
chandising magnate, left for Chicago  
yesterday.

**Browder Thinks  
Chances Small**

Associated Press  
New York, Sept. 24.—Earl Browder,  
Communist candidate for the United  
States presidency, was frankly pes-  
simistic today over his chances of en-  
tering the White House in March.

"I don't stand a chance of getting  
the election in 1936," he said.  
Browder predicted in an interview  
his destiny would be shaped in the  
1940 presidential election.

"I think the Farmer Labor Party,  
supported by the Communists, will  
be a major contender in that elec-  
tion," he said.

**Peru-Bolivia  
Treaty Signed**

Associated Press  
Lima, Peru, Sept. 24.—Peru and  
Bolivia have signed a treaty of  
friendship and non-aggression, the  
Foreign Office announced today.

The pact outlines war between the  
two countries and pledges a direct  
adjustment of differences, such as  
frontier incidents, without resort to  
the good offices of foreign nations.

# ANNIVERSARY SALE CONTINUES

TEAPOTS

Here is a bargain in a new  
Teapot. Green with new  
and striking pattern. Pop-  
ular size. Only

eral household use. Good for  
years of hard service, and  
great bargain! **\$2.49**

## SPEED MARKS SET IN UTAH

Ab Jenkins, U.S. Driver,  
Covers 7,134 Miles in  
Car in Two Days

Associated Press  
Bonneville Salt Flats, Utah, Sept.  
24.—With all the world's major  
motor car endurance records to his  
credit, bronzed Ab Jenkins, who  
brought them back from England, an-  
nounced today he would open up his  
"Mormon Meteor," Saturday, in a  
whirlwind bid for shorter marks.

The Utah speedster, with the vet-  
eran Babe Stapp of Los Angeles as  
relief driver, ended at 5:32 p.m.  
P.S.T., yesterday, a dazzling run on  
which he set a new record of 148,626  
miles an hour for forty-eight hours of  
continuous driving.

Thus he surpassed by a surprising  
margin the record of 136,244 miles an  
hour set three months ago by Capt.  
George E. T. Eyston of England.

En route to the long-distance tri-  
umph, the American drivers, alterna-  
ting at the wheel of Jenkins's  
twelve-cylinder car, battered the  
twenty-four-hour record of 130,116  
miles an hour held by another Briton,  
John Cobb, and three score lesser  
marks. Jenkins's twenty-four-hour  
average was 153.76.

At 148,626 miles an hour a car  
would travel approximately 7,135 miles  
in forty-eight hours.

## FLOUR STRIKE INVESTIGATED

Minneapolis Disputes Near-  
ing Settlement, State  
Governor Says

Associated Press  
Minneapolis, Sept. 24.—Governor  
Hjalmar Petersen undertook a per-  
sonal investigation of the Minneapolis  
milling strike situation today after a  
conference with grain elevator work-  
ers which he said had failed to assuage  
the tension symbolized by mobiliza-  
tion of 400 national guardsmen.

Asserting, however, that hopes for a  
settlement were brighter, he planned  
to confer today with officials of the  
Archer-Daniels-Midland Company,  
whose linseed plant was the scene of  
nocturnal disorders leading to a call  
for the militia by Sheriff John P. Wall  
of Hennepin County. The flour, seed  
and feed workers are seeking union  
recognition.

In the city's second labor dispute,  
that of striking wholesale grocery  
truck drivers, deliveries to retailers  
continued to be disrupted by picket-  
ing activities. The truck drivers' union  
seeks recognition and wage ad-  
justments.

## Three Children Perish in Fire

Associated Press  
Mackinaw City, Mich., Sept. 24.—  
Three children were burned to death  
today in a fire which destroyed their  
farm home near here.

Their parents, Mr. and Mrs. Alfred  
Terrian, suffered serious burns.

The children, Virginia, twelve,  
Thermon, eight, and Donald, five,  
were trapped in an upstairs bedroom.

## Dr. E. R. Secord, Brantford, Dies

Associated Press  
Brantford, Ont., Sept. 24.—Dr. Ed-  
ward R. Secord, fifty-seven, noted  
Canadian surgeon and radiologist,  
died today. He was a past president  
of the Ontario Medical Association.

## SURREY REEVE HEADS UNION

J. T. Brown Elected President of B.C. Municipalities Delegations

Canadian Press  
Vernon, B.C., Sept. 24.—Reeve J. T. Brown of Surrey was elected president of the Union of British Columbia Municipalities, which concluded its three-day convention here last night. He succeeds Mayor David Leeming of Victoria.

The delegates accepted an invitation to hold next year's convention in that Vancouver Island city. Other officers named yesterday include: Reeve R. C. Macdonald, Port Coquitlam, first vice-president; Alderman W. W. Smith, Vancouver, second vice-president; R. R. P. Sewell, Saanich, secretary-treasurer.

## Hotel Burns In Missoula, Mont.

Associated Press  
Missoula, Mont., Sept. 24.—A spectacular fire early today routed more than 150 persons, including the University of Minnesota football squad, from the Florence Hotel, in the heart of the business district.

The hotel, a four-story structure and the city's largest, and two smaller adjoining buildings were virtually destroyed three hours after the blaze first was discovered in a drug store.

## Lord Mayor Says Ties Strengthened

Sir Percy Vincent Tells London Council of His Recent Tour of Canada

Canadian Press  
London, Sept. 24.—Sir Percy Vincent, Lord Mayor of London, eulogized Canadians today when he gave the court of common council an account of his visit to Canada.

"I shook hands with thousands of people, received the freedom of cities and a great number of civic welcomes," he said. "Above all, I found an unbounded enthusiasm for all things British, a love of England, a depth of feeling for this old city and its representatives which was most unbelievable."

**BONDS STRENGTHENED**  
"Never during our whole visit" was there one word of adverse criticism. I heard on all hands that our visit revived or re-established a new view of England in its civil life, and had far-reaching results which will strengthen the ties of kinship."

"Canadians have in a few score years accomplished miracles. I returned with an impression of a vast canvas on which they have set, with all untiring energy and splendid craftsmanship, but sketched the outline of a great and beautiful picture."

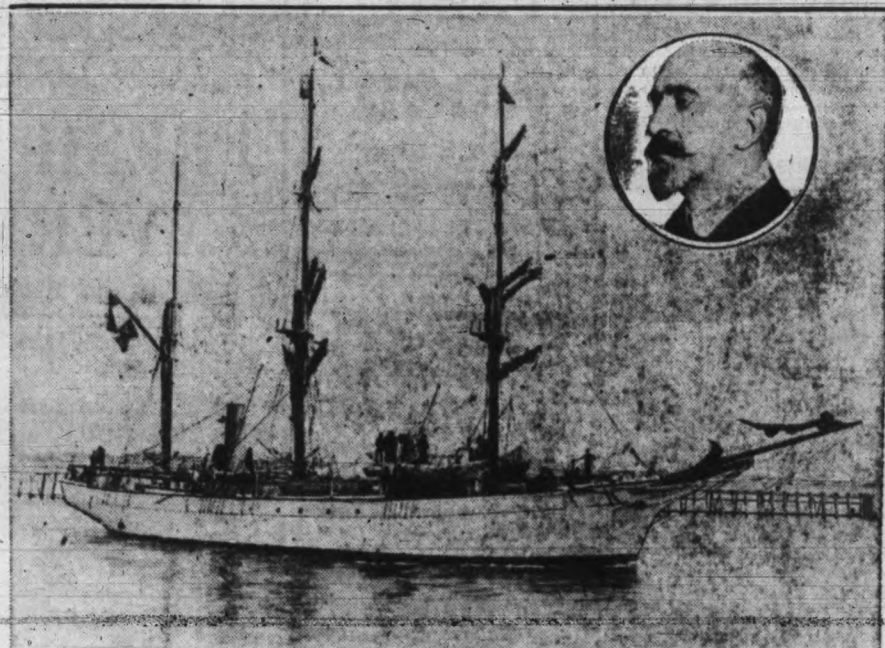

The executive committee includes Municipal Clerk R. F. Blandy, Oak Bay; Mayor T. A. Love, Grand Forks; Mayor C. E. Scanlan, Kamloops; Reeve J. B. Leyland, West Vancouver; Mayor P. J. Hume, New Westminster; Reeve William Crouch, Saanich; Alderman J. Adam, Victoria, and Commissioner C. C. Fimbel, Hope.

Harry J. Sullivan of New Westminster was reappointed solicitor and parliamentary agent.

The delegates accepted an invitation to hold next year's convention in that Vancouver Island city. Other officers named yesterday include: Reeve R. C. Macdonald, Port Coquitlam, first vice-president; Alderman W. W. Smith, Vancouver, second vice-president; R. R. P. Sewell, Saanich, secretary-treasurer.

The hotel, a four-story structure and the city's largest, and two smaller adjoining buildings were virtually destroyed three hours after the blaze first was discovered in a drug store.

## Lost Off Coast Of Iceland

Caught in a raging storm off the Iceland coast last week, the French research vessel Pourquoi-Pas, founded, taking thirty-one of the thirty-two persons aboard to their deaths. Inset is shown Dr. Jean Baptiste Charcot, eminent French scientist, veteran Arctic explorer and commander of the expedition, who was one of the victims. The lone survivor of the disaster gave the story to the world. The picture of the old vessel above was taken shortly before her last voyage.

## Victoria In Movie Request at Ottawa

### Landon Scores Trade Treaties

Associated Press  
Jacksonville, Fla., Sept. 24.—Florida journalism is offering something new in the field of daily newspaper style. It is a departmentalized newspaper with stories grouped under general classifications such as business, crime and violence, sports, local news, national affairs, politics, markets, society, sports, weather and several other headings.

The pages carry headline streamers of banners but only small headlines are used over separate stories under the general departmental designation.

The Palm Beach Times at West Palm Beach inaugurated the style last Monday.

### CLUB HONORS CITIZEN

London, Ont., Sept. 24 (Canadian Press).—Arthur R. Ford, managing editor of the London Free Press and past president of the Canadian Club, was honored by the club yesterday. He was presented with an engraved silver tray.

### Tariff Board Hears Request of Chamber of Commerce For Free Entry Or Reduced Duties on Production Equipment

Canadian Press  
Ottawa, Sept. 24.—Free entry or reduction of customs duties on motion picture and sound equipment was sought in an application from the Victoria Chamber of Commerce heard by the Tariff Board yesterday.

It was opposed by the Canadian Manufacturers' Association and the Northern Electric, R.C.A.-Victor, and Westinghouse companies. The Association claimed practically all motion picture equipment is made in Canada, but the manufacturers claimed practically all movie and sound equipment is made in Canada.

Some dispute arose as to what equipment was made in Canada and what was not. W. T. Strath, representing the Victoria Chamber of Commerce, suggested he would be content with free entry on equipment not made in Canada, but the manufacturers claimed practically all movie and sound equipment is made in Canada.

Mr. Strath said a number of companies had considered settling in Victoria and establishing a motion picture industry there, but found it uneconomical owing to the tariff on equipment.

He also told of pictures already made in Victoria and others which might be made to qualify for showing in the United Kingdom under the quota which limits the number of non-British pictures.

### Leaders Named By Trustees

Mrs. Edward Mahon Vancouver President of B.C. Schools Association

Penticton, B.C., Sept. 24.—Mrs. Edward Mahon of Vancouver was elected president of the British Columbia School Trustees' Association at the close of its thirty-second convention here yesterday.

Hon. G. M. Weir, Minister of Education, was named honorary president; W. N. McDonald, West Vancouver, first vice-president; W. C. Moresby, Victoria, second vice-president; and George A. Grant, Vancouver, secretary-treasurer.

Mrs. J. P. Leeming, Duncan; D. Chapman, Kelowna; J. P. Carr, Matsqui, and W. J. Sparling, Maple Ridge, were elected to the executive.

The delegates today passed a resolution calling for an amendment to the School Act to make definite provision for giving school boards the power to make teacher appointments on probation in the case of newly-employed teachers.

Orillia, Ont., Sept. 24.—The Orillia town council yesterday evening passed a by-law authorizing the issuance of scrip to the amount of \$50,000. Described as municipal co-operative purchasing vouchers, the notes, which will be issued to relief recipients, will be in denominations of 10, 50, 100, 250, 500 and \$1.

## BABY IS SAVED BY OPERATION

Surgeons Succeed at Houston, Texas; Baby Tafel Dies at Chicago

Associated Press  
Houston, Texas, Sept. 24.—Little George Kuhlman, eight weeks old, nursed a bottle today with a hearty appetite, unaware he has survived a rare surgical operation.

Surgeons said the child had undergone an operation as unusual as that performed in Chicago on Baby Julian Tafel, who died last night.

He was three days old when doctors operated and learned his stomach had no outlet. They operated and made an opening in the stomach and connected it with the healthy part of the intestine.

George Edward, son of W. G. Kuhlman, a laundry machinery salesman, now weighs eleven and three-quarter pounds.

Chicago, Sept. 24.—Baby Julian Tafel's six days of distressed life ended yesterday despite a delicate intestinal operation performed in expectation of saving him from a death of "intussusception."

Born with a colon abnormality which meant death if left uncorrected, the infant underwent the surgery on Tuesday after his father, Julian Tafel Sr., had finally consented to the operation.

The baby had no chance from the beginning, it was disclosed by an autopsy performed two hours after three physicians had given up the battle at the oxygen tent. Had he not died of uremic poisoning after the operation, a necessary secondary operation would have killed him, they declared.

The tragic death of their second child—their first was a beautiful girl a few years old—brought twenty-two-year-old Mrs. Eva Tafel and her twenty-four-year-old husband, Julian, a garage mechanic, closer than they had been since little Julian was born last Thursday.

When Dr. M. L. Kinney broke the news to Mrs. Tafel, she said tearfully: "It's still hard to take. Perhaps it was for the best. It was God's will."

Had been since little Julian was born last Thursday.

When Dr. M. L. Kinney broke the news to Mrs. Tafel, she said tearfully: "It's still hard to take. Perhaps it was for the best. It was God's will."

## KING HUNTING IN HIGHLANDS

Edward VIII Casts Aside Formality and Enjoys Stay at Balmoral, Scotland

Canadian Press  
Aberdeen, Scotland, Sept. 24.—The King enthusiastically roamed the Scottish highlands today. He came and went when, where and how he pleased, having cast off ceremony and pomp for his three-week holiday at Balmoral Castle.

His Majesty astonished station crowds here yesterday when he greeted guests as the over-night train from London arrived. He motored down out of the hills wearing plaids of the Scotch tartan and the gay Balmoral, Scotch peaked tam.

The monarch discontinued the formality of assembling clansmen for his arrival at Balmoral, one of the picturesque castles which greeted the late King George V when he came to Scotland for his fall holiday.

But King Edward retained another ceremonial of the bagpipes. He not only has retained his musicians, but also has instructed them—what tunes to pipe, and occasionally take their pipes in hand to show them the royal taste.

**AVOIDS ROUTINE**  
Simplicity and vigor are his rule. Instead of a carefully planned routine he prefers spur-of-the-moment decisions.

He spent yesterday stalking stag with a camera and guns on an expedition into the hills with his brothers, the Duke of York, the Duke of Gloucester and the Duke of Kent, and the Duke of Marlborough.

Instead of his father's bedroom, King Edward has taken a much smaller one, formerly the quarters of a member of the castle staff. The former royal bedroom will become a guest room.

The court-circular stated: "Mrs. Ernest A. Simpson and Mr. and Mrs. Herman L. Rogers have arrived at the castle. The Duke of York, who was accompanied by the Duchess, on behalf of His Majesty opened the new buildings of the Royal Infirmary at Aberdeen."

## TRAVERSE FOR GEORGE TRIAL

Vancouver, Sept. 24.—Pending the hearing in Supreme Court of Canada of the appeals of Eneas, Richardson and Alex George from a conviction for the murder of Dominion Constable Francis H. Gilmour, Mr. Justice A. M. Manson in the assize court here yesterday traversed to the spring assize a second charge against them and their brother, Joseph, for the alleged murder of Provincial Constable Percy Carr.

The officers were slain at the Canford Indian Reserve, near Merritt, B.C., on May 23, 1934.

The three convicted men have been granted a reprieve till November 6 of the death penalty.

Joseph Edwards, charged with perjury in connection with evidence which he gave at the trial of the George brothers, was also granted a traverse to the next assize.

Had been since little Julian was born last Thursday.

When Dr. M. L. Kinney broke the news to Mrs. Tafel, she said tearfully: "It's still hard to take. Perhaps it was for the best. It was God's will."

## Reports Tell Of Missions' Gains

General Council of United Church Hears From Its Boards

Canadian Press  
Ottawa, Sept. 24.—The seventh General Council of the United Church of Canada, swinging into its stride today after the opening ceremonies yesterday, heard accounts of their stewardship from representatives of the boards of the church.

A carefully drawn statement of the church's attitude on the temperance question was submitted by the Board of Evangelism and Social Service. The statement stressed the historic opposition of the uniting churches to the liquor traffic and noted the emergence of a new situation, "more especially of new legislation, new and growing scientific knowledge, changing educational theory and practice."

The Adult Work Congress held in Ottawa for two days prior to the opening of council strongly influenced the report of the Board of Christian Education, which covered multifarious activities and study materials for children and youth. Publication of a new manual or catechism for boys and girls were announced.

**MISSIONARY WORK**  
Glimpses of a story of far-flung advance were given by the Boards of Home and Foreign Missions. Italy's crime against an African people was denounced in the report from the West African mission as a blow to Christian missions and a threat to freedom. Missions in Asia stated that "the way is open for the gospel, especially in India."

Korean workers were quoted as saying new doors were open in Manchuria whither hundreds of thousands of Korean settlers had gone.

Seven marine missions on the Atlantic and Pacific coasts, thirty-four non-Anglo-Saxon fields, twenty-eight institutions, nineteen Oriental fields, fifty Indian fields and six Indian residential schools, ten hospitals and 899 ordinary fields constituted the task administered by the Board of Home Missions in Canada, Newfoundland and Bermuda.

## SOOKE

Sooke and North Sooke Women's Institute will hold a 500-card party in the Community Hall Friday evening.

Alice Campbell is leaving Sooke this week for Kingston, Jamaica, where he will spend the winter months.

Mr. and Mrs. Vernon Richardson and family have returned home from a motor tour in Washington.

The quarterly meeting of the officers and teachers of the Wilkinson Road United Sunday school was held at the parsonage on Wednesday evening.

Gratification was expressed on the high average attendance which had been maintained throughout the summer months.

## From a Practical Cook

"Build B.C. Payrolls"

"Speaking from practical experience I can say that Pacific Milk is economical, rich in quality, giving a delightful flavor when used in any beverage or in cooking. We are never without it."

## PACIFIC MILK

Irrigated, of Course

## Pleasant Way to Relieve Piles

If you are a chronic or temporary sufferer from piles, you will be glad to know of an easy and pleasant way to get relief, for almost all of these cases are caused or made worse by a congestion of blood in the lower bowel.

Dr. J. B. Leonard found one great cause of piles comes from inside the body and to get satisfying relief this cause should be treated. He also found out that could best be done with an internal treatment. His prescription, Hem-Roid, is therefore directed at getting at what he found to be the most active cause of the trouble. Once this is helped, pile misery is quickly relieved.

The use of Hem-Roid is a very effective, easy and pleasant way to treat piles. MacFarlane and Vancouver Drug Co. stores, if you are not pleased with the first or any other drugist can supply you and package, you may have your money back. Try it and prepare yourself for a pleasant surprise.

## REPORT STALIN SERIOUSLY ILL

Canadian Press from Havas  
Paris, Sept. 24.—Le Matin claimed yesterday to have confirmed that Joseph Stalin is seriously ill in the Caucasus.

Five of the foremost specialists in the Soviet Union were rushed to the Caucasus yesterday to attend the Soviet leader, the newspaper said.

**NEW FAIR MANAGER**  
Toronto, Sept. 24 (Canadian Press).—W. A. Dryden of Brooklyn, Ont., yesterday was elected general manager of the Royal Winter Fair, Toronto, at a meeting of the association's board of directors. He succeeds A. P. Westervelt, who died in July.

**CAUTIONS CARRIE** "Once Bitten—Twice Shy"

BEWARE OF HARSH "NO-SCRUB, NO-BOIL" SOAPS THAT "BITE" THE HANDS!

GOODNESS—THIS SOAP MAKES MY HANDS SO RED AND ROUGH!

NO MORE "NO-SCRUB" SOAPS FOR ME—I TRIED ONE ONCE, AND IT ALMOST RUINED MY HANDS.

BUT THIS IS A NEW SAFE KIND CALLED OXYDOL, MADE BY THE IVORY SOAP PEOPLE. IT'S ALMOST A MIRACLE THE WAY IT WORKS.

LATER: IT'S AMAZING! JUST 15 MINUTES SOAKING IN OXYDOL SUDS—AND THESE SHEETS ARE LOVELY WHITE.

AND WAIT TILL YOU SEE HOW SOFT AND WHITE IT LEAVES YOUR HANDS—AND HOW BRIGHT IT WASHES COLORED THINGS.

SEVERAL WEEKS LATER: HONEY, YOU HAVE HANDS LIKE A DUCHESSE—SO SOFT AND WHITE.

THAT'S BECAUSE I'M USING A MARVELOUS NEW SOAP, CALLED OXYDOL. I NEVER BELIEVED A "NO-SCRUB" SOAP COULD BE SO SAFE.

**AT LAST A "NO-SCRUB" SOAP THAT'S SAFE FOR COLORS, HANDS**

The makers of gentle Ivory soap spent \$1,000,000 to perfect this new and amazing "no-scrub, no-boil" laundry soap invention. It brings you, at last, a "no-scrub" soap that is safe for colors, hands! Oxydol works on an utterly new principle, and does these 4 remarkable things: (1) Soaks out dirt in 15 minutes, no scrubbing, no boiling. Even "grimiest" spots come snowy white with a gentle rub. (2) Cuts washing time 25% to 40% in tub or machine. (3) Gets white clothes 4 to 5 shades whiter. (4) Yet so safe that even sheer cotton prints, washed 100 consecutive times in Oxydol suds, showed no perceptible sign of fading.

Oxydol is economical, too. Tests show that it will save you one-half again as far as even the latest soap chips on the market. One package often does twice the work—gives twice the suds—lasts twice as long as less modern soaps. Get Oxydol from your dealer today.

## **Saving Its Face**

THERE NEVER SHOULD HAVE been any hesitancy on the part of the League of Nations Assembly to permit the Ethiopian delegates to take their seats for participation in the sessions now in progress. It was only to be expected, of course, that Prime Minister Mackenzie King, as head of the Canadian delegation, would cast his vote in favor of a people which, to use the phrase of The Negus, have been "plunged in misfortune."

The sequel to the League's action at Geneva yesterday will be a pronouncement by Premier Mussolini as to Italy's future course of action. A dispatch from Rome today suggests that she will take no part in the present deliberations now that Ethiopian delegates have been seated, but whether Il Duce will recommend his country's resignation from the League remains to be seen. Thirty-nine member states endorsed the League's credentials committee, which recommended that there should be no change in the status of Ethiopia. The decision thus arrived at presents Mussolini with a problem. He will have to make up his mind whether he considers Italy can afford figuratively to outlast herself further or whether, having grabbed the property of the Ethiopian people, he is ready to make partial amends for the introduction of "civilization" to them—via the poison gas route—by adopting a policy which will be contributory to a more friendly international relationship.

It will go down to the credit of the League that it has respected the rights of Ethiopia. A dark stain will remain on its escutcheon, however, for its miserable failure to prevent or effectively curtail Italy's aggression in that country. It will avail it nothing to point to the imposition of sanctions. The long period of talk which preceded this administrative economic procedure gave Italy all the time she required to accumulate the necessary materials for her "civilizing" job.

In order to regain some of its lost prestige the League will have to take stock of its position and decide whether it is going to make peace a practical thing or whether it is going to remain a forum for debating pious hopes. It gave itself the machinery to prevent war. Either it should use it when circumstances demand—or it should scrap it.

## **Spanish Bloodshed**

BLOOD IS FALLING ON STREETS and fields of Spain, spilled from the veins of the Spanish people warring fiercely for control of their new republican government, and in a New York hospital, thousands of miles from the strife, blood is ebbing dangerously and ceaselessly from the veins of another Spaniard, the Count of Covadonga.

The Count's father was once King of Spain, but the Count's blood is not being shed as a result of the upheaval that has spilled blood from the veins of his countrymen. It is flowing as a result of a commonplace surgical procedure, the lancing of a boil. For the Count, like his younger brother who died two years ago, suffers from hemophilia, the disease that is his dire inheritance from the Hapsburgs, once proud rulers of much of Europe.

Hemophilia is a strange disease that curses commoners as well as royalty. It is hereditary, carried through the maternal line. Women never suffer it in their own bodies, but must endure the mental anguish of seeing their sons lie ill and die from hemorrhage that follows a scratch so slight it would scarcely spill twenty drops of blood from an ordinary man. Not every son of a woman who carries this curse will develop the disease; two of ex-King Alfonso's sons are reported to have escaped it. Unfortunately, however, no way has yet been discovered to detect the strain in a woman.

The blood that courses through a hemophiliac's veins, royal or otherwise, differs from ordinary blood in that it clots very slowly, if at all. Clotting or coagulating of the blood when it escapes from the blood vessels is the natural defensive mechanism for preventing its loss. Scientists have spent endless hours looking at blood under microscopes and testing it in various chemical ways, in effort to learn the details of this clotting mechanism, and thereby gain a clue to methods of treatment and prevention of hemophilia. The platelets, fibrinogen, prothrombin and calcium salts in the blood are known to be essential parts of the mechanism, but how they work together to make blood clot is still an unsettled problem of science.

Meanwhile, physicians striving to save the Count of Covadonga and other hemophiliacs, must grope their way, trying one remedy after another, until the puzzle of nature's way of clotting blood is completely unraveled and can be duplicated by man's skill. Among the more recent means which physicians have tried are a female sex hormone preparation; ascorbic acid, the laboratory-made vitamin C; and an extract from the placenta, the medium which establishes communication between mother and unborn child.

## **Health Is Wealth**

AN INFLUENTIAL EASTERN daily uses the following heading at the beginning of its editorial column: "A Nation's Health Is a Nation's Wealth." Nothing could be truer than this simple statement. We are

reminded of it by a discussion in a recent issue of "Health," the official organ of the Health League of Canada, on the subject of heart disease.

Dr. Ross Jamieson, Toronto heart specialist, says that this serious malady should have a greater share of interest as a public health problem, because, as he points out, the death rate from it has many years been on the increase, while from tuberculosis and the infectious diseases it has been diminishing, not by chance, but as the result of proper and efficient education of the public in rules of prevention and treatment.

The treatment of heart disease, writes Dr. Jamieson, must be directed to the "control or cure of the underlying disease process, such as rheumatic fever, syphilis, hyperthyroidism, and the prevention or relief of associated abnormalities in function which might arise as the result of disease." The time to work toward the first of these objectives, he says, is in the early stages of the causative process and before the heart is permanently damaged.

Rest is "a tremendous power for good" in the treatment of heart disease, Dr. Jamieson contends. "Rest does not mean invalidism, but rather a rational way of living in proportion to the individual capabilities. One may actually require rest in bed, while another may need only moderate restrictions of his activities. If there be any working rule regarding exercise it is that patients may be permitted to indulge in exercise that does not produce shortness of breath, palpitation of the heart or undue fatigue."

Diet is of considerable importance in relation to heart disease, Dr. Jamieson tells us. "Its importance does not lie so much in the restriction in quantity. It is desirable for the patient with heart disease not to over-eat at any one meal. It may be better to eat five small meals than three large ones. The patient who is definitely overweight will undoubtedly be benefited by a prescribed reducing diet."

All cardiac drug treatment must be supervised by a physician, Dr. Jamieson concludes, and he warns that "self-medication is unreliable and often dangerous."

## **Leaving the Ivory Tower**

MEN OF SCIENCE MUST LEAVE their ivory tower and join in the common fight for freedom. With these words, Sir Daniel Hall, veteran British agricultural scientist, director, John Innes Horticultural Institution, challenged those gathered at the British Association for the Advancement of Science meeting at Blackpool, England, the other day. Science supplies the greatest of all temptations to the power-mongers, he said. Robot nations are being created by the control of press and wireless, by the closing of frontiers, by propaganda and education itself.

"Is science to be for the few or for all?" Sir Daniel asked. "The hope only lies in the universal diffusion of an education based on science, whereby may be built up a habit of mind that will act on reason rather than on mass emotion. Science alone can destroy the great illusion that one belongs to a chosen race, and teach the people that men and women, however diverse individually, are collectively very much alike. But to education must be added the organization of scientific opinion."

The danger of a government personnel educated in a humanism which has no roots in scientific knowledge was emphasized by Prof. L. Hogben of the University of London, in the same discussion. The pivotal task of modern education as seen by Prof. Hogben is two-fold: The production of political leaders who can realize the new potential of human welfare made possible by science; and the training of citizens who will choose leaders with the necessary knowledge to deal constructively with the impact of science on social institutions.

The most important problem today is as seen by Sir Richard Gregory, editor of the British science journal, Nature. It is that of finding a means to lessen the gap between scientific advance and ethical, social and religious development.

## **Notes**

Lack of rain during the summer here made poor business for the man who predicts storms by the way his rheumatism flares up.

From England comes word of a controversy over shorts in church. It used to be sufficient to keep the sermons so and let the hem-line fall where it would.

One thing is certain. If the Rusk brothers' cotton picking contraption works, Southern negroes will have more time, but less cause, for "stompin' on the levee" of a Saturday night.

"It seems amazing that civilized nations should adhere to war as an element of national policy," John J. Pershing. If there were any civilized nations, as opposed to militarized nations, they wouldn't.

Too bad, but it is hardly to be expected Harvard scientists in the fight they are waging against poisons in the air will be able to do anything about the propaganda which is being wafted from the headquarters of various "isms" and "ites" scattered over our little world!

There was a bad airplane accident at Pittsburgh the other day; a tri-motored plane bearing sightseers around Allegheny county crashed and burned, with a loss of nine lives. It might have been thought that would have discouraged the aerial sight-seeing business around Pittsburgh for a few days. But it did just the reverse. Over the week-end, immediately following the crash, airplanes carrying sight-seers in that vicinity did a landoffice trade, with business double what it had been before the crash. And many of the sight-seers urged their pilot to fly over the scene of the wreck! Is there a morbid streak in human nature, or are people just naturally hard to scare? Queer are some of the quirks of human nature.

## **LOOSE ENDS**

Senator Borah is right but, after all, who cares? For few feel the stirrings of destiny in their bosoms—Mr. Poey explains how to save the world—and we are remarkably consistent in our laws.

By BRUCE HUTCHISON

## **GREAT ERA**

SENATOR BORAH, one of the wise men of America, said recently that the last twenty-five years had been more important in the development of human society, in change and significance than any similar period in the history of the world. He pointed to the collapse of economic systems, governments, political theories, rulers, and the rise of new ones all over the world, the setting of different populations on every continent, the universal state of flux.

It is interesting to be reminded, from time to time, when your thoughts have been concentrated on the races or the politics of British Columbia, that some things of greater importance are under way about you. It is stimulating to think that you are an actor, though hardly a star, in the greatest drama the human race has ever known, that you have an orchestra seat to the greatest show the earth has ever produced, that you are part of a general revolution large enough to make the Russian and French Revolutions look like a meeting of our City Council.

It is stimulating, but how many feel stimulated by it? How many are inspired by the thought that they are witnessing the birth pangs of a new world, which may be much better or much worse than the old one? The Renaissance was such a period of stirring and seeking and we look back on it as a time when every man felt inspired to rush out and paint pictures, and carve marble, and discover new lands beyond the sea, and write Shakespearean drama. We think that it must have been a great time to live, a time of excitement, of enthusiasm, of boyishness. But when you come to examine it, only a few fellows painted pictures and carved marble and discovered continents and wrote drama. I dare say the rest of the public complained about the price of milk and the increasing taxes and the moral decline of the young.

It is like that today. A few men like Mr. Borah may perceive what is happening, a few poets may sing of the revolution in obscure verse published in grimy radical weeklies in New York, a few artists may paint strangely inspired cubist pictures which no one can understand, a few prophets may arise, like Lenin and Hitler and Mussolini and Father Coughlin and Mr. McGee, the occasional editorial may point out that we are in the most crucial period of history and that we are balancing uncertainly between Utopia and Chaos. But the public will never feel it, any more than the average Englishman felt the Renaissance or realized that Will Shakespeare's plays were immortal.

While the great drama of human destiny is playing before him, the average man will prefer to go to the races or complain about the City Council's trip to England. Probably it is better so. If we were all inspired by history simultaneously, life would be intolerable, there would be nothing but letters to the editor in the papers concerning the economic system, nothing but politics on the radio, nothing but men arguing and fighting on the street corners, nothing but mass meetings in the movie theatres, nothing but business in the Legislature, nothing but efficiency in government. Most of us just couldn't stand it.

## **SPREADING IT**

MY FRIEND, MR. POEY, was discussing some aspects of this matter today. "The trouble with the world," said Mr. Poey, shining his shoes with vigor and an artist's care, "the trouble with the world is there aren't enough people like me. (An opinion which, I dare say, has occurred to many people from time to time). If everybody was like me," said Mr. Poey, "there would be plenty of money to go around for everybody. 'You take this summer, did I hold on to my money? No, sir! I bet it at the races like a man and gave the other fellow a chance at it. Of course, sometimes I won, but not often. But did I hold it when I'd won? No, sir. I bet it again. That's what I call practical Christianity, spreading the money around.'"

"The trouble with the world is, most people won't spread it. They go to the races and try to win a lot more money than they had before, and that means taking it away from the other fellow. Me, I always try to vice versa, and I generally succeed. The only way to bet is not to figure out how much you're going to win, because if you do, you won't. You got to figure out how much you're going to lose and then you can't get hurt, because if you win any, that's just velvet. You can lose it the next day and keep the money moving around."

"Say, if there was more fellows like me, you wouldn't need any monetary reform and socialism and all that. Everything would work out all right if people would only spread it around. That's why the races are so useful to the country, sir. If everything was run like the races you wouldn't have any poor people and you wouldn't have any Reds either. It's people that don't take a chance that cause all this trouble. Yes, sir. A racing man is the most useful kind of a citizen a country can have. Besides, I like to go out to the Willows and see everybody. You make such a lot of nice contacts around the stables and in the paddock, don't you? Yes, sir."

## **SIZE COUNTS**

OUR LAWS in regard to the redistribution of wealth on race tracks, when you come to think of it, are rather humorous, but, of course, most laws are, for that matter. It is quite legal to gamble any amount of money at the races, presumably on the theory that it is a game of skill. Undoubtedly, the amount of thought invested in it, the long study of form charts, the search for inside tips, the conferences with men-who-know, the prayers and vibrations ought to develop a certain skill in the betting man, but he never seems to do any better than the amateur who picks the horses because he likes their names. In the same way, poker played in a club is a game of skill and legal, and so is bridge played for high stakes at women's afternoon tea parties. But it is illegal for a Chinaman to play fan-tan for low stakes in Chinatown, and it is illegal to operate slot machines for money prizes.

Here in these jolly and absurd contradictions you witness one of the profound facts of human society, namely, that if a thing is big enough, like racing, and has enough money invested in it, then it is legal and will be patronized by the most upright and virtuous, by Christian fathers and good housewives. But if a thing is small and weak, like a Chinese fan-tan game, it is illegal; it is wicked, and society must remove the horror. Size and power are the only things that really impress us nowadays.

## **COMPENSATION**

Things even up. Kinees were harder to get in the old days, but when you got one you had a monopoly.

## **NOT ENOUGH ROOM**

No bedroom is big enough for two, the doctors say. Especially if the other one is a mosquito.

## **New Road Binder**

Liquid Waste From Rayon and Cellophane Pulp Manufacture Tried On Western Highways

From a Correspondent  
SHELTON, WASH. EXTENSIVE tests of a new road binder developed from the raw liquid residue resulting from rayon and cellophane pulp manufacture are now being studied closely by highway engineers.

The material is produced from hemlock wood by a pulp and paper company here. Its principal constituent is lignin, the glue-like natural cement which binds the fibers of wood together. Disposal of this lignin as a waste product of the sulphite wood pulping process has long been a serious problem for the western wood pulp mills.

Hundreds of miles of unpaved highways in the state of Washington have been treated with the new preparation this summer, and it has been used to lesser degree in Oregon, Idaho and nearby British Columbia. A shipment of 1,500,000 gallons of the fluid was made to New Jersey for use on public roads of that state. In all localities the new highway development has supervised application of the new binder. Many northwestern cities have likewise used it to lay the dust on unpaved streets.

THREE STANDARD treatments are used—the first is merely for dust control; the second, or penetration method, being for laying dust and binding the road soil; while the third, known as the macadam-mix, produces a three to four-inch macadamized wearing surface suitable for heavy duty.

After diluting from its original syrupy concentration, the material is applied on the road with a pressure distributor like oil. Costs of application vary from \$100 to as high as \$500 per mile. The fluid does not track or soil and will not cake on the surface. The lignin-binding agent mixes with the mineral aggregates and sets up as a dense, concrete-like mass which becomes sealed on the surface with weathering and traffic. Two or more applications worked into the same surface will produce the well-bonded macadamized wearing surface.

Cost of surface treatment with the new lignin preparation is estimated as usually less than half the cost of replacing lost materials and continually repaving traffic-bound highways. About half the money ordinarily spent for maintenance is figured as sufficient to construct a macadam-mix road. Use of the binder, aside from lowering costs, results in a dust-free road, in which the surface aggregates are held firmly in place to produce a clear, safe, attractive and smooth-riding highway.

The state of Washington has set up specifications for use of the new road binder and approved its purchase from state gas funds. Test strips of road have been put down at the Olympia airport and at Boeing Field, Seattle, and also on the University of Washington cinder track.

## **DEPEND ON BABIES**

Peoples with empty cribs cannot create an empire—and if they have an empire the time will come when it will be extremely difficult for them to keep or defend it.

—Benito Mussolini.

## Rev. P. Bryce Is Elected Moderator

Widely-known Toronto Pastor Chosen By General Council of United Church of Canada

Canadian Press  
Ottawa, Sept. 24.—Rev. Peter Bryce, D.D., Toronto, was elected Moderator of the United Church of Canada on the first ballot at the seventh General Council meeting in Chalmers Church here yesterday evening. His nomination was moved by Hon. N. W. Rowell, K.C. of Toronto, and seconded by Rev. John Mutch of Regina. The names of Rev. A. S. Tuttle of Edmonton and Rev. W. L. Armstrong of Ottawa were also placed in nomination.

When the election of Dr. Bryce was announced, the other two nominees moved and seconded the election be made unanimous.

In his speech of acceptance, Dr. Bryce said he looked to God to grant him strength for the duties of the high office which had been given him.

**SPEAKS AGAINST WAR**  
The United Church was counselled by Rev. Richard Roberts, D.D., its retiring Moderator, to declare it "will lend no countenance whatever to the furtherance of any future war" and to seek common action by the churches of Protestant Christendom.

In the closing address of his term, Dr. Roberts told the General Council of the church general resolutions condemning war would not be adequate, that it is time to be specific.

After describing the probable character and world extent of another war, Dr. Roberts said no church had yet made a definite declaration against furtherance of future wars, but the chance for common action would come next year at a fully representative conference in Edinburgh.

"I gravely fear for the future of the church if it suffers this enormity to overtake the world without raising its voice in forthright repudiation before it happened," said Dr. Roberts.

Rev. Dr. Peter Bryce, the new Moderator, is widely known for his pastoral work and in the inauguration and direction of social service enterprises in the city and province of his adoption. He was born in Blantyre, Scotland, the home of David Livingstone, and came to this continent in 1903 as a missionary to Newfoundland.

In 1906 he entered Victoria College, Toronto, in preparation for the Methodist ministry.

While a student, Dr. Bryce began a pastorate which continued for fifteen years in the industrial suburb of Toronto known as Earlscourt. There he built seven churches and organized eight Sunday schools. In the Earlscourt Central Church there was at the time the largest Sunday school in Canada. He was the founder of the Earlscourt Children's Home.

**SOCIAL LEGISLATION**  
On the formation of the Federation for Community Service, he was made its first president. For years he advocated the formation of a mothers' allowance board for the province of Ontario and was made the first chairman of that body when it was formed by the provincial government.

Dr. Bryce has studied and written a great deal on various forms of social work and legislation.

As secretary of the missionary and maintenance fund since 1925, Dr. Bryce continued throughout the years to promote and advocate the United Church's enterprises. He became one of the trusted leaders of the church.

Several years ago he was appointed delegate to the Methodist conference and the Congregational Union in Great Britain and visited the United Kingdom in discharge of this important duty.

**BOY FOUND NOT GUILTY**  
Vancouver, Sept. 24 (Canadian Press).—A mixed jury of five women and seven men, after deliberating one hour, yesterday evening acquitted an sixteen-year-old Warren McCarty on a charge of manslaughter arising out of the death of Mrs. E. P. McKensie here July 8. It was McCarty's second trial, the first ending in a disagreement when the jury failed to reach a verdict after deliberating five hours.

Mrs. McKensie died from injuries received July 7 when struck by a bicycle which was ridden by the accused.

The first internal combustion engines, designed about 1880, were made to operate on gunpowder.

REV. PETER BRYCE, D.D.

## Challenge For Drive Support

Red Cross Workers Hear Inspirational Speeches at Rally

"The fact that busy businessmen are ready to come forward as they are doing in your campaign over here and offer their services to help such a cause should challenge the public to an equally fine response," Col. John S. Tait, Vancouver, president of the provincial branch of the Canadian Red Cross Society, told a rally of campaign workers at the Chamber of Commerce last night.

"Victoria leads the way in the provincial drive for funds. I am greatly encouraged by the magnificently enthusiastic spirit I have discovered amongst the workers here on the eve of your campaign. You are setting a fine example to the rest of British Columbia," he went on.

Col. Tait was the principal speaker at the rally attended by some sixty workers in the joint local and provincial campaign which got officially under way this morning. Other speakers were Dean Cecil S. Quinlan, chairman of the campaign's advisory committee, and Col. A. M. Brown, Vancouver, president of the provincial Junior Red Cross.

During the evening instructions were given to the workers, and various items of campaign kit, folders, badges and pledge cards were distributed.

**OUTPOST SERVICE**  
Col. Tait in his address spoke specially of the outpost hospital nursing service of the Red Cross, and quoted from specific cases where the lives of men, women and children had been saved, and where serious suffering had been relieved through the ministrations of Red Cross nurses.

The work of the Junior Red Cross in conjunction with the St. John Ambulance Association in establishing first aid posts was also stressed by Colonel Tait. This much-needed service, he said, was providing fully-trained men with complete first-aid equipment at key places on highways, and already many accident victims had been helped.

**FUNDS NEEDED**  
Without funds, he went on, the Red Cross could not carry on these and other valuable services. The object of the society was to extend, not restrict, its work. There were many spheres in which additional funds were needed. He quoted the case of the necessity for outpost hospitals on the west coast of Vancouver Island.

He urged townsfolk not to forget how much they were indebted to the country people who too often were unable to pay for hospitals, doctors and nurses. The cities should feel some obligation to those who provided them with their food and their other raw material requirements.

**RED CROSS IDEALS**  
Dean Quinlan, in opening the meeting, gave a challenging and cheering message to the workers, and expressed the hope that they would be equal to the great public response which was being expected.

The ideals which prompted the Red Cross were humanitarian, and any one conversant with those ideals would inevitably feel that it was a privilege rather than a mere duty to give wholehearted support to a movement that gave so much help and material comfort and encouragement not only to disabled soldiers and others in cities but to families in lonely settlements all over the province.

It was the work of the campaign teams to make all citizens conversant with the ideals represented by the Red Cross.

**JUNIOR RED CROSS**  
The work of the Junior Red Cross in giving health education to school children and in teaching them the principles of kindness and service to their fellows was outlined by Colonel Brown.

The Junior Red Cross now had a membership of some 16,000 in this province alone, he said, and there were 638 branches and 350 groups connected with correspondence schools. One of the principal activities was in assisting crippled children to procure treatment, and some groups gave entertainments to raise funds for this purpose.

E. W. McMullen, vice-chairman of the local committee, and Hugh Birch-Jones, provincial commissioner, also spoke briefly, giving instructions to the workers.

## DEBT RELIEF FOR FARMERS

Tax Cancellation Plan to Be Announced in Saskatchewan

Lethbridge, Alta., Sept. 24.—A widespread cancellation of farmers' debt and interest charges, back taxes and a new agreement governing interest rates on future financing in Saskatchewan will be announced within a few days, Hon. J. G. Gardiner, federal Minister of Agriculture, said in an address to the board of trade here yesterday.

These steps, he said, were agreed on at recent conference of federal and Saskatchewan government officials in Regina. He was not prepared to state the exact date up to which the cancellations would be effective, but intimated it would be quite recent.

He said the announcement would come from the Saskatchewan government.

The wiping out of taxes will include all of those owing to municipal, provincial and federal governments, Mr. Gardiner stated.

Mr. Gardiner then outlined a plan under which settlers would be moved from non-productive land to better land. The drought areas would become federally owned and would be converted into pasture.

"It is quite right to pay back money for which value has been received," he explained, "but a large amount of our debts have increased for which we got nothing. It is mostly high interest charges which have been responsible for these increasing debts."

## Sympathy For Guild Shown

Sympathy with the recently formed American Newspaper Guild was expressed at the annual convention of the International Typographical Union, James P. Hough, vice-president of the Victoria local, reported on his return from the gathering at Colorado Springs last week.

Approximately 300 delegates from all parts of the continent attended the gathering, at which 170 resolutions were presented.

Next year's convention will be held in Louisville, Ky., the local delegate stated.

He spoke of the excellent work being carried on at the "Printer's Home" at Colorado Springs. A new wing for tuberculosis patients had been opened at a cost of \$215,000 in August, and accommodation was available in the sanitarium for 500, he said. Since its foundation the sum of \$750,000 had been expended on the plant and maintenance, Mr. Hough said.

## TO ADVANCE LEAGUE WORK

James A. Gibson, Society's Traveling Secretary, on Speaking Tour

Following conferences with the local branch of the League of Nations Society in Canada, on matters relative to the observance of a national peace action week, from November 8 to 14, James A. Gibson, traveling secretary of the society, will leave Victoria this

evening to continue his work in the east.

On his arrival in Montreal, he will assume a post with headquarters staff there.

Mr. Gibson will deliver a series of addresses on his way east, speaking in Vancouver, Calgary, Regina, Brandon, Winnipeg and Port William on matters related to the work of the league and the league society.

Linked in with the peace week observance will be national study projects. Under the heading of Canada and Canada's neighborhood will be a series of radio broadcasts, twelve in number, over the national hook-up, starting on November 5.

**TO DISTRIBUTE INFORMATION**  
In addition to the radio work, the society is preparing texts and booklets for study by the different branches throughout the country. One of Canada's most distinguished younger students of international affairs, Miss Elizabeth P. MacCallum, recently of the Foreign Police Association of New York City, has been appointed to care for the dissemination of information on international affairs. Such information has been brought together by the society's branch in charge of assembling ma-

### CHURCH FUND RESTORED

Toronto, Sept. 23 (Canadian Press).

Completion of the restoration fund begun three years ago to repair losses in Rupert's Land, was announced here yesterday by Rev. Canon S. Gould at the annual meeting of the Missionary Society of the Church of England in Canada. It was stated that gifts amounting to \$798,128 had been received.

### Help Kidneys

Don't Take Drastic Drugs

Your kidneys contain 9,000,000 tiny tubes or filters which may be endangered by neglect or drastic irritating drugs. Be careful. If kidney or bladder disorders make you suffer from Getting Up Night, Nervousness, Loss of Appetite, Headaches, Dizziness, Circles Under Eyes, Neuralgia, Acidity, Burning, Smarting or Itching, you don't need to take chances. All druggists now have the most modern advanced treatment for these troubles—a Doctor's prescription called Cystex (Diss. Teal). Works fast—safe and sure. In forty-eight hours it brings a feeling of new vitality and will make you feel years younger in one week or money back on return of empty package. Cystex costs only 35c a dose at druggists. The money back agreement protects you.

**Big Programme By Mme. Fahey**

To sing well enough to have become known as the leading "Canadian Dramatic Soprano" is an accomplishment in itself. To be able to compose singable songs is also a gift. When to these talents is added the composition of operas that include her own lyrics, as well as music, and in which the composer has taken leading roles, such a musician is deserving of all possible support. Madame Lugin Fahey is known not only for her voice and her compositions, but she is known as well for her fine character and high ideals, all of which should be a factor in filling the Empire Theatre, where she will give a concert tonight at 8:15 o'clock. Mme. Fahey's programme has been chosen with great care, and she will include songs to suit the varied tastes of her audience.

**Business Club Is Organized**

Canadian Press  
Halifax, Sept. 24.—It was a "wrong idea" that the women's place was in the home, Miss Florence Postill of Montreal told the organization meeting of the Halifax Business and Professional Women's Club here last night.

"There is no reason why women should be pushed back to their kitchens, if they wish to enter the business field," declared the speaker, one of three life members of the Canadian Federation of Business and Professional Women.

She pleaded for women to have a greater sympathy toward members of their own sex in business.

"We must not look at them first as women, but as members of the profession of which they belong," Miss Postill continued. "We must not look upon them—lady doctors, lady lawyers and lady politicians—as inferior to the male members of their profession. Intelligence has no sex."

## At Royal Brother's Bedside

To the ranks of the former royal house of Spain now in the United States has been added Princess Torlonia, eldest daughter of ex-King Alfonso, pictured with her baby daughter on arrival at New York to visit her critically ill brother, Count Covadonga, once crown prince. Her mother, ex-Queen Victoria Eugenie and several "in-laws" also are in New York.

## Society

Miss Muriel W. Chave has returned to Vancouver to resume her studies at the University of British Columbia.

Mr. Frank Higgins, K.C., and Mrs. Higgins, who have been spending a few days in Vancouver, returned to Victoria yesterday morning.

Mrs. W. J. Fraser and her son, Mr. Charles Fraser, returned today from Seattle, where they have been spending the last few days.

Mrs. C. W. Bradshaw, who has been spending the summer at her cottage at Cordova Bay, has returned to her home on Logan Avenue.

Mrs. E. J. Coyle of Vancouver arrived this afternoon from the mainland on a visit to Mr. and Mrs. A. N. Mount, "Erishir," The Uplands.

Mr. and Mrs. Earl Campbell of Minto, Manitoba, who have been spending a few days in Victoria, left this afternoon for the mainland.

Mr. and Mrs. Elmer Hume, Cambridge Avenue, have visited their daughter, Mrs. Hume's mother, Mrs. H. O'Neil of Raymore, Saskatchewan.

Mrs. George Crooks of Powell River, who has been spending the last three weeks with her mother, Mrs. Cates, Bay Street, left this afternoon for her home.

Miss Pauline Gill left on Tuesday for Toronto, where she will attend the University of Toronto. She was accompanied as far as Vancouver by her parents, Dr. and Mrs. H. C. Gill, St. Patrick Street, who will return home in a few days.

Mrs. Marion Atkinson, who has been resident in Victoria for several years, left recently for Calgary, where she is the guest of Mr. and Mrs. H. D. Sherman for a few days before taking up her duties as vocal teacher at Mount Royal College, Calgary.

Miss Ruby McCrether, who spent the summer months at her former home in Aberdeen, Scotland, and at other points in Great Britain, returned to Victoria last week and is at present staying with Mrs. R. Stark, Begbie Street.

Mrs. J. I. A. Hunt of London, Ontario, who has been visiting her nephew and niece, Dr. and Mrs. Douglas Hunter, Linden Avenue, for the last three weeks left this afternoon for Harrison Hot Springs to spend some time there before proceeding to her home in Ontario.

Mrs. Douglas Graham, Joan Crescent, returned this afternoon from a meeting of the season on Tuesday evening at the home of Miss Phyllis Elliott, Rutledge Street. Miss Kay Mothershead was elected to her second term of office as president and Miss Doris Minty was again made secretary-treasurer of the club. The business of the season was reviewed and plans were laid for the coming season. Two new members, Misses Betty Clegg and Minnie Youell, were welcomed to the society. Later in the evening bridge was played and refreshments were served by the hostess, assisted by Miss Minnie Youell. Those present were Misses Betty Clegg, Minnie Youell, Betty Kyle, Ellen O'Connell, Cella Gort, Phyllis Elliott, Doris Minty and Kay Mothershead. The next meeting will be held at the home of the president.

The Eta Beta Pi Club held its first meeting of the season on Tuesday evening at the home of Miss Phyllis Elliott, Rutledge Street. Miss Kay Mothershead was elected to her second term of office as president and Miss Doris Minty was again made secretary-treasurer of the club. The business of the season was reviewed and plans were laid for the coming season. Two new members, Misses Betty Clegg and Minnie Youell, were welcomed to the society. Later in the evening bridge was played and refreshments were served by the hostess, assisted by Miss Minnie Youell. Those present were Misses Betty Clegg, Minnie Youell, Betty Kyle, Ellen O'Connell, Cella Gort, Phyllis Elliott, Doris Minty and Kay Mothershead. The next meeting will be held at the home of the president.

A delightful shower was held Sunday evening in honor of Miss Betty O'Connell, a bride-elect, who was honored with a silver tea service from the Junior Catholic Women's League, of which she is a member. The children of Mary also presented her with a wedding gift. The evening was spent in playing games the prizes being won by Misses Agnes Bantley, Wendy Spencer and Margaret McNeil. Refreshments were served in buffet style from a table daintily decorated with a cut-glass centre, and flowers in pastel shades. Those present were Misses "Babe" and Gertrude Campbell, Genevieve and Laura Hartnell, Penelope McDowell, Eleanor McDonald, Leonard Fletcher, Edith Webb, Mary Comerford, Margaret Neiligan, Kate O'Connell, Veronica Neary, Louise Michaux, Sheila O'Connell, Lillian Fontana, Kay and Agnes Nesbitt, Jean McCallum, Lil Delahunty, Sheila Collins, Agnes Grant, Nellie Cannon, Bernadette Colburn, Mona Doyle, Eulalie O'Neill, Nora O'Connell, Agnes Bantley, Mary Morry, Louise Zarelli, Helen Tulk, Mona Keplin, Kay Morry and Mrs. Bertha Warner. Mrs. B. R. Ciceri and Mrs. Colbert.

A host of friends assembled at the home of Mr. and Mrs. H. Hayward, Cloverdale Avenue, in honor of the twenty-fifth wedding anniversary of Mr. and Mrs. H. Daniels, formerly Miss S. E. Hayward, Mr. and Mrs. Bent, S. Martin, A. Hayward and H. Hayward and a vocal solo by Mrs. Hayward entered the home to the strains of the Bridal Chorus, the bride of twenty-five years ago being presented with a lovely bouquet by Miss J. Telfer. The house was beautifully decorated with green and white streamers and wedding bells, with a profusion of autumn flowers. Mr. S. Martin presented Mr. and Mrs. Daniels with a silver flower basket and cake plate on behalf of the assembled guests. A buffet supper was served from a decorated table covered with a silver and white wedding cake flanked with silver vases of pale pink cosmos, those serving being Miss V. Harknett, Miss D. Manson and Mrs. R. Rowles. Enjoyable instrumental numbers were rendered by Messrs. E. Reynolds, C. Telfer, A. Bent, A. Haggart, M. Duggan, E. McWilliams, J. Webber, Messrs V. Harknett, D. Manson, J. Telfer, Messrs Martin (Bella Bella), G. Hayward, A. Hayward, C. Rowles, S. Daniels and B. Bowles.

## Auxiliary Tea Attracted Many

Mrs. A. J. Watson Opens Charming Home For Y.M.C.A. Benefit

Nearly \$800 was added to the funds available for the provision of extra furnishings for the Y.M.C.A. as a result of the delightful tea held yesterday afternoon by the Ladies' Auxiliary at the home of Mr. and Mrs. A. J. Watson, 2643 Cavendish Avenue.

**LOVELY FLOWERS**

Masses of autumn flowers were used throughout the house, the hall, where the hostess, with Mrs. Duncan McAdie, the auxiliary president, received the guests, being attractively arranged with Michaelmas daisies and autumn foliage.

The tea was served in the dining-room, the tea table being centred with an artistic arrangement of mauve and pink single asters, bronze chrysanthemums and maidenhair fern, and illuminated by tall ivory candles in silver candelabra.

Mrs. W. J. Pendray, Miss Agnew, Mrs. S. J. Willis, Mrs. James Fletcher and Mrs. J. O. Cameron took turns during the afternoon pouring tea. Mrs. R. W. Mayhew, convener of the refreshment committee, had as helpers Mrs. A. S. Locke, Mrs. H. Pendray, Mrs. John Johnson, Mrs. Roy Macdonald and Mrs. Walter Tuck. Mrs. C. E. Woodcock, waitress, and Mrs. P. M. McGregor ushered the guests to the dining-room, and Mrs. A. V. Clarke and Mrs. Duncan McBride were at the receipt of customs.

In the drawing-room, which was arranged with bowls of zinnias, Michaelmas daisies and asters, an informal musical programme was much enjoyed. Miss Phyllis Deaville sang "Robin Redbreast" (Hubbard), "Quintuplets" Lullaby" (both words and music by Johnson), "The Daisy" (Scott), and "Farrar Waltz" (Hawley); and Clarence Kirchin, tenor, sang "Perfect Day," "Drink to Me Only With Thine Eyes," "All Through the Night" and "Smilin' Through." Miss Catherine Hole was an able accompanist.

The president, Mrs. McAdie, gracefully expressed the thanks of the auxiliary to Mrs. Watson for her generous hospitality and to the artists and all who had contributed to the success of the undertaking. Charming bouquets were presented to the hostess, president, various conveners and other workers, and the ladies who poured tea.

## Eastern Star Dance Was Success

S.O.S. Club Hosts At Shrine Hall Last Night

Nearly 200 guests danced with evident enjoyment at the Shrine Auditorium yesterday evening, the occasion being the first of the series of winter dances arranged by the S.O.S. Club of Queen City Chapter, Order of the Eastern Star. As with all the undertakings sponsored by this energetic group, meticulous attention was paid to the various details conducive to the enjoyment of the guests.

Miss J. Dixon and Mrs. G. Cox were the general conveners of the party. The Misses Doris McKnight, Joyce Dixon, Elaine Walker and Marjorie Fielding were responsible for the decorations of the hall, which were carried out with masses of autumn flowers and gaily-colored balloons, enhancing the carnival atmosphere.

A spotlight dance, medleys and several old-time dances were interspersed throughout the programme, which was thoroughly enjoyed. For some of the dances prizes were awarded.

Auction bridge was in charge of Miss May Sims and Mrs. M. Birnie. Tickets and prizes were taken care of by Miss H. Edwards and Miss Besse Fye.

The banquet hall was decorated in the colors of the order and lovely autumn blooms adorned the tables. The sit-down supper was under the convener'ship of Mrs. B. Bray, Mrs. W. Grist and Mrs. Hagger.

Dancing continued until 1 o'clock, and the hostesses received many congratulations on the success of the affair.

## Chief Guide's Daughter Wed

Bentley, Hampshire, Sept. 24.—Hon. Betty Baden-Powell, younger daughter of the Chief Scout, Lord Baden-Powell, and the Chief Guide, Lady Baden-Powell, was married today in the old-world village church of Bentley to Gerrard Clay of Albury, Surrey.

Sixteen Scout members of the Westminster Abbey choir assisted with the music. The bride's parents entertained 250 villagers afterwards. The bridegroom, a district officer in Rhodesia, met the bride last May returning to England aboard a steamship. The couple will leave tomorrow for Rhodesia.

Reynolds, C. Telfer, A. Bent, A. Haggart, M. Duggan, E. McWilliams, J. Webber, Messrs V. Harknett, D. Manson, J. Telfer, Messrs Martin (Bella Bella), G. Hayward, A. Hayward, C. Rowles, S. Daniels and B. Bowles.

**MORTON-McINTOSH**

A marriage of wide interest was solemnized quietly this morning at the First United Church when Rev. Dr. S. A. Fraser united in marriage Helen Mowbray, eldest daughter of His Honor, Judge Charles McIntosh, and Mrs. McIntosh, of Cadboro Bay, and Captain J. Forbes Gordon Morton, second son of Rev. Dr. H. H. Morton and Mrs. Morton of Port of Spain, Trinidad.

The bride was unattended, and was given in marriage by her father, Judge McIntosh.

Captain and Mrs. Morton left later for the mainland on their way to Camp Borden, Ontario, where the bridegroom is stationed.

**ROBERTS-DAVIS**

Canadian Press  
Vancouver, Sept. 24.—Shannon, only daughter of the American Consul-General and Mrs. John Ker Davis, last night became the bride of John Powell Roberts, third son of Mrs. Roberts and the late John Powell Roberts of Vancouver, in an impressive wedding ceremony in St. Paul's Anglican Church.

Rev. Canon Harold King read the marriage rites.

The petite bride, given in marriage by her father and attended by a quincet of attendants clad in flowing frocks of white chiffon, wore an ivory satin bridal robe with a veil of Dummagum lace in lily of the valley pattern.

The only jeweled note of the bridal ensemble was a sunburst of pearls, a gift from the groom's white floral accents were white bridal roses and lilies of the valley in a shower.

A reception followed the church ceremony at the bride's parental home on the present where Mr. and Mrs. Davis, with the groom's mother, joined the bride party in receiving.

The couple will make their home on the North Shore.

**STEWART-MUSGRAVE**

At the home of the bride's mother last evening at 8:30 o'clock, Rev. S. Peat united in marriage Annie, elder daughter of Mrs. Musgrave, 2718 Rock Bay Avenue, and the late Mr. T. Musgrave, and Mr. Gordon Stewart, only son of Mr. and Mrs. J. Stewart, 74 Sims Avenue. During the service the bride and groom stood beneath a floral arch, and as the register was being signed, the bride's cousin, Mrs. H. Mullen, sang "Because."

Mr. Thomas Musgrave gave his sister in marriage, and she wore a pretty gown of pale blue silk net, with a frilled skirt and short frilled sleeves, and a matching mother hat, and held a shower bouquet of Ophelia roses, white carnations and bouvardia. Her only attendant was her sister, Mrs. B. Mitchell, in a frock of pink silk net with a deep flounce on the skirt, and short frilled sleeves, and a matching hat, carrying a bouquet of pink carnations. Mr. Harry Deacon was best man.

After the ceremony, supper was served, the table being arranged with pink and white flowers on a lace cloth, and centred with the three-tier cake. Mrs. Musgrave was dressed in navy blue, and Mrs. Stewart was a gown of black and white crepe with white flowers applied on the sleeves and at the throat, and they both wore corsage bouquets of carnations and swansons.

Mr. and Mrs. Stewart left at midnight for Vancouver, the bride travelling in a frock of ashes of roses crepe, with brown accessories and a brown fur coat. They will make their home in Victoria. Guests at the wedding included Mr. and Mrs. H. Mullen and Miss Dolly Cliche, Ladysmith, and Mr. and Mrs. T. Musgrave, Vancouver.

**Job's Daughters—Bethel No. 2**

Order of Job's Daughters will hold a card party consisting of whist, contract and auction bridge at the Shrine Hall, View Street, at 8:30 o'clock tonight. Prizes and refreshments will be provided.

**Your Baby And Mine**

BY MYRTLE MEYER-ELDRED

**LET CHILDREN LEARN TO BE DUTIFUL BY PERFORMING DUTIES**

In helping a mother to outline a child's duties in the home one must take into consideration many variable factors. No one can say, dictatorially, "Every little girl must do this," for there may be several girls in a family there may be a servant; the household may be a simple or a complex one. How then can any outsider map out tasks or dictate who shall do them?

But each mother can sit down and make a list of the tasks which must be done daily in her particular family.

**ROTATE THE JOBS**

When there is a servant the list is small. And there is no wisdom in manufacturing tasks for a child to do. One cannot build up a sense of responsibility by shoving on a child some chore that plainly is of no importance. The child wants to be really helpful, not just busy.

In the servantless home there will be no difficulty in finding plenty of work. These tasks are there to do, and each child should have his share according to his ability and his time. From the whole list, made out with the help of the children, let each choose four things which it is possible for him or her to do daily.

**FIGURE PLAY TIME, TOO**

In order that there will be no unfairness in the length or difficulty of the task, let these be shifted about from time to time so that Jane is not always wiping dishes and Evelyn always making beds.

And allow for children to have spare time as well as work time. A child really works in school, and to be made to come home from school and fill his or her spare time with "jobs" is manifestly a hardship.

Children need the relaxation that comes from play, and this should be figured into their day as conscientiously as are their assigned duties.

Our "leaflet," "Handicaps of the School Child," may be obtained by sending a three-cent stamped, self-addressed envelope to Myrtle Meyer-ELDRED of the Your Baby and Mine department of this newspaper, with your request for the leaflet by name.

Tomorrow: Avoid extremes of tyranny and indulgence.

**AT THE HOTELS**

Guests registered at the Dominion Hotel include: Mr. and Mrs. A. F. Prouty, Oakland; Mr. and Mrs. J. Kay, Seattle; Mr. A. J. Lancaster, Prince Rupert; Mr. H. T. Boyes, Mr. W. A. Dobson, Mr. A. R. Roy, Seattle; Mr. and Mrs. D. Harris, Ganges; Mr. and Mrs. V. Pavlinger, Oakland; Mr. and Mrs. S. S. Duncan, and family, Genoa Bay; Mr. A. R. Fulton, Mr. W. Halley, Vancouver; Mr. and Mrs. R. J. Clegg, Rossland; Miss E. Schenckler and Miss H. Lovey, Portland; Mr. and Mrs. C. C. Hamer, Sacramento; Misses H. and M. Nunke, Helena; Mr. and Mrs. N. B. Wright, San Jose; Miss C. A. Mendel, Seattle; Mrs. J. Adams, Stettler; Mr. and Mrs. F. Adams, Vancouver; Mrs. L. M. Hood, Claremont; Mr. and Mrs. J. A. Allard, San Antonio; Mrs. G. R. Hearn, Mr. and Mrs. H. G. Houghton, Vancouver; Mrs. F. H. Beattie and daughter, Beverly Hills; Mr. and Mrs. G. H. Brown and daughter, Port Lewis; Mr. W. Rae, Vancouver; Mr. and Mrs. J. O. Dalquest, Seattle; Mr. and Mrs. E. J. Gerback, Long Beach; Mr. N. B. Sanson, Banff; Mr. and Mrs. I. M. Lindquist, Seattle; Mrs. A. J. Townsend, Duncan; Mr. and Mrs. D. M. D. Schult, Vancouver; Mr. and Mrs. S. J. Terhune, Bralorne; Mr. J. Fraser, Mr. H. G. de Bou, Vancouver; Mrs. F. H. Cheley and daughter, Denver; Mr. F. H. Cheley, and Mr. P. Henderson, Seattle.

Winnipeg, Sept. 24 (Canadian Press).—Mrs. Jane Armstrong celebrated her ninety-first birthday by taking an airplane ride over Winnipeg. "That is another ambition gratified," she remarked, alert and happy as she stepped from the plane.

"It was just fine," she said. "Starting was not so bad. It was not different from riding in a wagon and when we got into the air I could hardly tell we were moving."

She expressed the wish to make another flight next year. Looking many years younger, she cannot see why people make "such a fuss" over a ninety-first birthday.

England celebrated in June the centenary of the birth of the first woman doctor in England, Elizabeth Garrett Anderson.

Italy has announced plans for constructing 1,700 miles of highway in Ethiopia.

## Nanaimo Girl Is Lovely Bride

Gladys Hindmarch Married To Thomas C. Mills

Before a large congregation which included a number of Victoria guests, the marriage was solemnized at St. Paul's Church, Nanaimo, last evening of Gladys, only daughter of Mr. Robert R. Hindmarch, and Mr. Thomas C. Mills, youngest son of the late Mr. and Mrs. Thomas Mills of Nanaimo. Rev. Canon H. V. Hitchcock performed the ceremony.

**LOVELY BLONDE**

Given in marriage by her father, the bride, a lovely blonde, was of radiant figure in her gown of white satin, form-fitting, the skirt extending into a short train, the pointed yoke being marked with narrow folds of satin which were carried below the waistline in front and continued to the "fingers" trailing at the back. Shirred at the low shoulder line, the sleeves were full to the elbows and terminated in tight cuffs to the hands. A cascade of orange blossoms marked the turn-down collar at the throat.

Her filmy veil of embroidered tulle was worn over a quaint cap of pearls and fell below the waistline in front, and at the back formed a supplementary train. She carried a shower bouquet of Killarney roses. Miss Helen Patterson, the bridesmaid, wore a charming frock of orchid nylon over satin, in tulle effect, the skirt extending to a graceful train, while shoulder knots of velvet in a deeper violet tone lent color accent. Her small halo hat had a shirred crown of the nylon, the turned back brim being faced with violet, and she carried a sheaf of gladioli in lemon and mauve tones.

Little Joyce Matfey was flower girl, dressed in an imported Kate Greenaway frock of lettuce green taffeta, and a poke bonnet with a velvet crown in lattice-work. She wore a Victorian nosegay of flowers and lace. Mr. Ronald D. Ingham was best man.

During the signing of the register Mr. J. W. Carmichael of Chilliwack, sang "O Perfect Love." The ushers were Mr. Robert Hindmarch Jr., Mr. Ralph Mills, Mr. H. McCarthy and Mr. H. B. Forward.

**RECEPTION HELD**

At the conclusion of the service the many guests repaired to the home of the bride's father, where the reception was held. The young couple stood before a screen of fall flowers arranged before the fireplace in the drawing-room.

Mrs. F. E. Peterson of Vancouver assisted the bride's father in receiving the guests, wearing a smart gown in imperial purple, with brilliant trimming, a silver grey hat and shoes, and wearing a corsage bouquet of white roses.

The supper-table, covered with a Venetian lace cloth, was centred with a six-tiered cake in an original cross design, with lighted white tapers in floral holders marking the points of the lower tiers.

Mr. and Mrs. Mills were the recipients of many handsome gifts. They later left for Victoria en route for Seattle and the Sound cities, and their return will make their home on Union Avenue, Nanaimo. The bride traveled in a frock of Havane brown trimmed with British tan crepe and metallic buttons, a smart brown sailor hat, and a top coat of brown with collar of two-toned fox fur.

**IS I.O.B.E. REGENT**

The bride is well-known among the I.O.B.E. throughout the province, having been standard-bearer of the Provincial Chapter for some years, as well as regent of the Malaspina Chapter, Nanaimo, for seven years.

Victoria guests at the wedding included Mrs. L. A. Genge, Miss "Boo" Wilson, Miss A. B. Cooke, Mr. and Mrs. G. Cartwright, Mr. and Mrs. J. Cartwright and Mr. and Mrs. McAllan.

## Canadian Girl In Palestine

Canadian Press

Eleven, Sept. 24.—Friends of Miss Elsie Calvert, a former resident of this southeastern Saskatchewan town, follow closely her work in the newspaper field in Palestine, and particularly her comments on conditions there.

Miss Calvert left Elevean some years ago with the expressed intention of making her mark in the world. She is private secretary to the editor of the Palestine Post, published in Jerusalem. It is the only English language paper in that country.

She has acquired renown as an international relations commentator, and is able to divulge information concerning the eastern situation as it affects Jews and Arabs which, friends believe, has not been brought to the view of Canadians.

**ST. JOHN'S A.Y.P.A.**

The opening meeting of St. John's A.Y.P.A. took place last Monday evening with John Hooper presiding. A cordial welcome was extended to Miss Kay Brown, an old member, who has recently returned from England, also the following visitors: Messrs. George Cross, Walter Merton, Athol Gillis and Ken Hall. A short business meeting was held, during which Miss Kay Brown was elected convener of the Sick Visiting and Membership Committee. Refreshments were served, thus closing a delightful evening.

## "Fishy" Singer

There's nothing fishy about Mrs. Mary Witte's operatic voice, though she is a fish merchant, so she plans to bring her to New York to coach her. The 250-pound Stroudsburg, Pa., mother is pictured singing at her fish stall, the vicissitudes of operating which, she says, gave her the "soul" for song.

## T.V.A. Birthday Tea Enjoyed

A very successful tea was held yesterday afternoon by the Women's Auxiliary to the Tuberous Vascular Society in the club rooms, Blanshard Street. Tea was served by the house committee, under the convener of Mrs. R. S. Standerwick, with Mesdames Gibson, Fulthorpe, Foursore and Huellin and Clark helping, the table being centred with a large bowl of flowers, kindly donated by Mrs. D. Leeming, and small vases on the corners. A beautiful iced cake was donated as a birthday cake for the anniversary by Mrs. Ashworth, one of the auxiliary members, and was served to all who attended.

The musical programme was under the convener of Mrs. R. V. Campbell, and songs were given by Mrs. Levey, accompanied by Miss Estelle Clark, and Mrs. Corbett and her accompanist, and were very much enjoyed by all present. Mrs. W. H. Booth of Alberni, the past president, with Mrs. Burnett welcomed the guests, and Mrs. Booth tendered a few words of praise and welcome.

Final plans were made for the Island Rally to be held on September 29 in the Britannia club rooms, View Street, and all branches are asked to please try and attend.

The iced cake, donated by Mrs. Locke for a contest, was won by Mrs. Huellin.

## Quadruplets To Have Own Home

Associated Press

Passaic, N.J., Sept. 24.—The Kasper quads, almost five months old, soon will have a home of their own. Mayor Benjamin F. Turner, their business manager, announced today.

Since Mrs. Emil Kasper, wife of a railroad roundhouse worker, gave birth to the four children on May 3, Frances, Frank, Felix and Ferdinand have lived in a special nursery in St. Mary's Hospital.

Some time ago Dr. Frank Jahn, who delivered them, announced the quads had passed the "doubtful" period, and had developed into "normal and healthy babies."

The mayor said he and the Kaspers had decided to lease an eight-room house for the family, and that the quads would be moved from the hospital some time next month.

## Women Wasting Their Suffrage

Canadian Press

Toronto, Sept. 24.—The question of what women have done with suffrage came up yesterday at the meeting of Emmanuel College Alumni Association and brought from Dr. Stanley Russell of Deer Park United Church the remark that "the thing about women's suffrage is that they have done so little with it."

"The first speech I ever made was in favor of it," said Dr. Russell. "I felt that all we had to do to have peace, social reforms and all that sort of thing was to enfranchise the women."

"But now that they have got it, they don't seem to have done very much with it."

## Reading Group Plans Busy Season

Y.W.C.A. Arranges Speakers On Books and Affairs

Of interest to a large circle of Victoria women will be the excellent arrangement of subjects and speakers for the reading course and current affairs group to be held under the educational committee of the Y.W.C.A. The committee consists of Mrs. W. N. Gunning, Mrs. V. L. Denton, Mrs. H. D. English, Miss Nan Eaton and Mrs. P. B. Scurrah.

The reading course of last year had a membership of eighty-seven, with a large attendance each week, and the current affairs group held to the last subject, the New Year's interest of a membership of 112.

Commencing the first week of October, there will be five subjects in each course, on alternate Fridays, at 2:30 to 3:30 p.m. in the Y.W.C.A. club rooms. Miss Wornald will preside for the reading group. The speakers and subjects have been arranged in the following order:

October 2—Mrs. Ross Napier, "The Scots Quair," by James Leslie Mitchell.  
October 16—Dr. H. R. Anderson, "Kristin Lavransdatter," by Sigrid Undset.  
October 30—Miss Jeanette Cann, "Some Recent Publications by Women."

November 13—Dean C. S. Quinlan, "Psychology and Life," by Leslie Weatherhead.  
November 27—Mrs. Albert Sullivan, subject to be announced.  
Current affairs are so rapidly changing and so vitally interesting these days that an expert summary on some of the main issues with time for discussion will be of great value. Mrs. Scurrah will preside over the following current affairs sessions:

October 9—Prof. E. S. Farr, "Outstanding Events During the Past Year."  
October 23—Mr. V. L. Denton, "Will Roosevelt be Elected?"

November 6—Mr. B. A. McKelvie, "Local History and Its Relation to Citizenship."  
November 20—Mrs. W. G. Wilson, subject to be announced.  
December 4—Speaker and subject to be announced.

## Chorus Girl

Because she is only fifteen years old, and member of a New York night club chorus, gorgeous Julia Martin has become the centre of a legal battle launched by the children's society, which charged her mother with impairing the morals of a minor. "She comes right home after the show every night and is a good girl," her mother protests, explaining, "Julia is set on a stage career, so why shouldn't she start young?"

"The first speech I ever made was in favor of it," said Dr. Russell. "I felt that all we had to do to have peace, social reforms and all that sort of thing was to enfranchise the women."

"But now that they have got it, they don't seem to have done very much with it."

1404 DOUGLAS STREET

## News of Clubwomen

Victoria W.L.—The postponed business meeting of the Victoria Women's Institute will be held tomorrow afternoon at 2:30 o'clock at the headquarters, 835 Port Street. W. H. Muncy will address the gathering.

**Addressed Nurses**—Miss Edith Franks, who has charge of the Nurses' Registry in Victoria, gave an interesting talk to St. Joseph's Hospital nursing students last evening at the Nurses' Home, when she told them about the unveiling ceremony at Vimy Ridge last July. Miss Franks was one of two British Columbia overseas nurses who accompanied the pilgrimage to Vimy.

**Sorority Met**—The Epsilon Alpha Sorority held a meeting last evening at the home of Miss Margaret Hemmingsen, Cedar Hill Road, when plans for a bridge party to be held on November 6, as well as details of the Ruskie Tea on October 4, were discussed. The literary programme consisted of an outline of early Egyptian history by Miss Eleanor Trotter and a resume of ancient India by Miss Margaret Hemmingsen.

**TILLCUM CLUB**  
St. Aidan's Tillcum Club held their weekly meeting in the assembly hall on Monday night. In the absence of the president, Bob Clark, Rev. T. G. Griffiths took charge, opening the meeting with a devotional. The remainder of the meeting was given to the election of officers for the coming season. The following members were elected: President, Miss Barbara Dawson; vice-president, Bob Clark; secretary, Norman Carr; treasurer, Miss Ivy Salter; pianist, Mrs. T. G. Griffiths. The meeting closed with a short word of prayer by Rev. Griffiths. The next meeting will be held Monday evening next at 7:45 o'clock.

**FOUND PARTY**

The annual "found party" of the Protestant Orphan's Home will be held Friday, October 2.

As again the winter approaches and the needs are greater, the ladies' committee appeals to the friends of the home for this their annual pound party.

Since the last school term four of the older girls have left the home to take positions, but eight young children have been admitted, and there are now forty children in the home.

## Portia Society Names Officers

Miss Amy Heddlie was elected president of Portia Society, girls' debating society at Victoria High School, at the initial meeting of the fall term yesterday afternoon.

Other students elected to the executive yesterday were: Vice-president, Nancy Cameron; secretary, Lavonne Purves; Camosun reporter, Betty Cottle; Grade XII representative, Beatrice Godson; Grade XI representative, Muriel Thatcher; Grade X representative, Brenda Smith; Grade IX representative, Enid Brown, and commercial students' representative, Louise Edwards.

The executive will hold a meeting on Friday.

The next meeting of the society will be on Wednesday.

**Associated Press**

Altadena, Calif., Sept. 24.—William J. Pringle Jr., executive of an advertising agency, was the father of twins today—and \$5,000 richer because of them.

The twins, a boy and a girl, were born to Mrs. Pringle at a hospital here yesterday.

Pringle paid Lloyds \$200 for an insurance policy taken out seven months ago against such an eventuality.

**WOMAN J.F. RESIGNS**

St. Thomas, Ont., Sept. 24 (Canada Press).—Miss Dallas A. Mackenzie, who had the distinction of being the first woman justice of the peace in Ontario, has resigned that position and also that of city police court clerk. The resignation is effective in a month.

A list of 238 terms used in the argot of the underworld, "narcotic addict" is reported in "American Speech."

**Keep Baby's Skin HEALTHY with**

**BABY'S OWN SOAP**  
Best for You and Baby too

**ROYAL OAK**

The study class of the Women's Branch of the Oxford Group met on Monday afternoon at the home of Mrs. Wilson, Prospect Lake.

Mrs. H. D. Cotton, East Saanich Road, left on Saturday to visit her daughter, the Misses Margaret, Audrey and Helen in London, Ontario.

Mrs. L. M. McLaren and daughter, Shaeen of Edmonton, were recent visitors at the home of Mrs. E. Holten, Haliburton Road.

Mr. and Mrs. A. Campbell, Beaver Lake, returned home on Friday after spending two weeks vacation visiting friends in Edmonton.

Mrs. F. Harewood, accompanied by her son, Donald, of Cadboro Bay, are spending a few days visiting her parents, Mr. and Mrs. Walter Allison, East Saanich Road.

**GREASELESS DISHWASHING!**  
HOW IS IT POSSIBLE?

BY USING RINSO IT GIVES THICK SUDS THAT ASSORB THE GREASE

**AND YOU REALLY MEAN DISHES COME CLEAN WITHOUT A GREASY FILM LEFT ON THEM?**

YES—AND WITH RINSO THE DISH-WATER NEVER GETS THAT GREASY FEEL

**THAT NIGHT**

MY! HOW QUICKLY RINSO SUDS GET RID OF GREASE! NOW THEY MAKE DISHES, POTS AND PANS SHINE... AND HOW EASY THESE SUDS ARE ON MY HANDS

RINSO's rich, lively suds loosen dirt—make it float right out. Clothes come 4 or 5 shades whiter and much brighter without scrubbing or boiling. Rinsol gives thick suds even in hardest water. Grand in washers.

## Skin Red and Tender With Eczema

**Complete Relief With Cuticura Soap and Ointment**

The records abound with grateful letters of praise like the following: Name and full address are printed to show that Cuticura letters are genuine beyond question.

"Eczema in little water blisters started on my daughter's hands and later developed into sore eruptions causing much itching and burning. Her skin was red and tender, and she couldn't sleep.

"I sent for a free sample of Cuticura Soap and Ointment—then I

quick time outside of the church gates, and carried our swords at the trail for two miles, where he was put to rest amid a volley of musketry. We had our pictures taken again by camera men. I happened to be in the first four men on the left hand side, being tall you were naturally always in the front. I felt proud that day as I was the only one that was complimented by our lieutenant for a good turnout, and I'd only been there with J Battery for three days. I can also boast of never being checked (on parade) yet for my turnout; don't worry, I make sure that my uniform is spotless, always wash and clean my nails before going on parade. Our gym instructor told me in front of the squad that I had the cleanest nails in our squad; that was at Woolwich, they notice all these little things. They don't worry me a bit because I'd do them whether I was in the army or just an ordinary civilian in the outside world.

The weather over here has been hopeless—rain, rain, then by way of a change, hail. I'm thoroughly fed up with the weather. I can't get to India too soon for my liking, so as I can fry in the heat for a change.

I go around with a fellow that comes from Cambridge. He's a real fine fellow too. He speaks good English, doesn't drink, doesn't smoke (he's started smoking just recently), after joining the army. I consider he's one of the nicest fellows in the squad. He's a fine looking chap, only about twenty. We generally knock around together.

You'd be surprised yourself if you could hear how the so-called English, Irish and Scotch mutilate the English language—it's terrible. I can only understand one fellow well, and that's Fred Covill, from Cambridge.

## YOUTH IS HELD AFTER INQUEST

Associated Press  
St. Michel des Saints, Que., Sept. 23.—Armand Aubin, seventeen, was held criminally responsible by a coroner's jury yesterday evening for the death of Joseph Brizard, aged sixty-nine, farmer of this backwoods village some ninety miles north of Montreal.

The youth remained in police custody today as a material witness in the case. A statement, purporting to detail events leading up to the farmer's death and allegedly signed by Aubin, was read to the coroner's jury by Chief of Police Joseph Gravel of Berthierville, Que.

The statement related how Brizard's head was cut with an axe, and how the body was thrown into the cellar of his farm home and then buried last September 9.

Repeating to questions of jurymen, Aubin said he had had a quarrel with Brizard. He said the axe used could be found in the nearby river.

## Gunner Writes Home

GUNNER T. G. HARTLEY of "J" Battery, R.H.A., Wellington Lines, Aldershot, England, has written his father in this city:

"Well, as you can see, I've been transferred or posted back to my old squad that I originally started training with. We all passed out successfully from Woolwich, and were complimented on being an exceptionally smart squad. We had swimming races before we left Woolwich, and luckily I took the best time for the squad. We were only swimming fifty yards free style, but it has encouraged me to still better myself in swimming.

Our squad officer at Woolwich was timing us, and when he saw me climb out of the pool first, well, you should have seen the expression on his face. I just took one look at him and burst out laughing. He started laughing, so we both had a good laugh. This officer was our second lieutenant, and a very fine man, good sense of humor, and I was only too sorry that when we were transferred to Aldershot that he didn't come with us.

Aldershot is our headquarters now. I leave England, and in a way I won't regret leaving (I may do before I finish), but at present I won't.

We had only been at Aldershot a week when we were all bundled off to Okhampton, in south Devon. It is about thirty miles from Plymouth. We arrived there about midnight, and it was pouring with rain. All the "dragons" had to be unloaded, the guns also. We were soaked through and remained that way for five days, in amongst rain and hail. But none of us took any ill effect from it, which was lucky, considering I haven't been out of the hospital long. But I feel much better now. These dragons are like small tanks. Only the top is open so you can sit about eight to ten men in it. The gun is towed in the rear, and they are capable of crossing rivers, or attacking thirty to forty miles an hour on fairly level ground. No hill is too big for them. The guns are 3.7 Howitzers. They use this type in India a lot; they're called mountain guns. They can be taken apart and strapped on the backs of mules and carried through the mountains in India. They're very effective in mountain warfare. They have a shell weighing about twenty pounds, and are quick firing, and make things up considerably in short order.

In fact J Battery, known as the "monkey troop," won what they call battle honors in the last war to be called "flying artillery." J Battery is practically composed of athletes.

After about the third day I was there I had to go to a funeral (we all carry swords on dress occasions) of a major-general. Forty of us lined up on each side of the road to the church, with drawn swords. It must have looked very nice to passers by. After the hier had passed we all formed in sections of fours (in slow time), and followed it; broke into

"CORN HURT, LADY FREEZONE STOPS PAIN INSTANTLY OR DOUBLE YOUR MONEY BACK. YOU'LL BE SURPRISED"

PAIN STOPS FASTER, CORN LIFTS OFF or DOUBLE YOUR MONEY BACK

This wonderful liquid, FREEZONE, stops pain faster and loosens corns so you can lift it right off with your fingers—or just return bottle you bought to the makers, address on package, and we will gladly send you a check for twice what you paid. This offer is possible because millions of folks have proved that FREEZONE is the easiest and quickest way known to stop pain and get rid of hard and soft corns. Get a bottle from any drugist and try it. Remember: Results satisfy you or DOUBLE YOUR MONEY BACK.

## School Traffic Patrol Begins

Alma Malcolm of 1311 Vining Street is shown in the above picture on school traffic patrol at the Girls' Central School at noon yesterday. The school patrol system is under the direction of Chief of Police Thomas Heatley and Major A. C. Hinton of the School Board, and covers seven intersections. Girls as well as boys act as junior officers, and carry a white sign with "STOP" in red letters. They also wear a banner over their shoulders with "Safety" lettered in black.

## STORIES IN STAMPS

By I. S. Klein

## SERVE TO HIS QUEEN

King Alexander of Serbia, weak in mind and spirit, was twenty-four when, in 1900, he married his mistress, Draga Maashin. Then Serbia suffered under the cruelty, intolerance, and selfishness of a queen who had no thought but to increase her power and that of her two arrogant brothers in the army.

When the congress objected to her action, the queen had Alexander suspended the constitution, dismiss the legislators, and replace them with men of Draga's choice. Stories were spread of Draga's cruelty, selfishness and immorality. These people believed, and prepared to overthrow the regime of Alexander and Draga.

Taking advantage of that feeling, one night in 1903, a band of conspirators entered the palace, slew

Alexander and Draga and hurled their bodies into the streets of Belgrade.

This story is recalled by a picture of King Alexander on a Serbian stamp that was issued during his reign.

## Paralysis Cases In Two Provinces

Canadian Press

Toronto, Sept. 24.—Dread infantile paralysis was being fought by doctors in sections of Ontario today, with forty-four cases reported in three centres—Windsor, Sarnia and London.

Health authorities, however, emphasized no fear need be felt if prompt action was taken as soon as symptoms were noted. Only two deaths, a Gore Bay, Manitoulin Island, youth, and one in Peterborough, have been reported.

Winnipeg, Sept. 24.—Eleven new cases of infantile paralysis in Manitoba were reported yesterday, bringing the total to 131. Beller the peak had been passed was expressed by physicians.

## SIDE GLANCES

By George Clark

"Nonsense, old times! You're not begging for a thing. Some day you'll be back on top and I'll send you a bill for every meal you've had here."

## Conservatives Expecting Poll

Provincial President Urges Party to Prepare For Early Election

The Conservative party has no thought of union with the Patullo administration, Robert A. Wootton, president of the British Columbia Conservative Association, declared at a meeting of Ward One Victoria Conservatives last night.

The present government, he added, had been elected on a definite set of promises, including "Work and Wages," a highway commission, utilities commission, a balanced budget, municipal aid and many more things. Instead, he said, it had added one seat to the assembly, had appointed a number of commissioners, sent delegation after delegation to Ottawa, flown all over the province, and offered to supplant the rights of Parliament in the Special Powers Act.

It was claimed that the trips to Ottawa resulted in an extra \$750,000 subsidy, but this, Mr. Wootton said, had come initially from Rt. Hon. R. B. Bennett upon representations of the former government.

He ridiculed the provincial claim of a balanced budget. With its revenues at a new high the province was going millions a year on capital account. The debt had increased \$7,900,000 between 1934 and 1935.

Mr. Wootton said an election was anticipated within a relatively short period, and urged the Conservative party to be prepared. The issue, he said, would be between the two old-line parties, with the C.O.F. a disappearing factor.

Officers of Ward One were returned by unanimous votes, as follows: President, Alex Monteith; vice-president, Capt. William Kirby; secretary, Miss F. Carrison; treasurer, Mrs. Walker; delegates to central execu-

## "What Am I Doing?"

Probably you recognize that dainty, bird-like mouth and—if you can see anything else!—the shy smiling visage of this favorite film covey. Yes, it's Joe E. Brown, himself, posing coyly and asking you, "what am I doing?"

See Answer on Page 16

## ALBERNI

Mr. and Mrs. John MacWilliam of Vancouver have taken up residence on River Road.

Mr. and Mrs. H. R. Carter, accom-

panied by their daughters, Margaret Ruth and Miriam, and sons Harry and Jack, arrived on Monday after three and a half nights motor tour through Canada and the United States. En route home they were the guests of Mr. Carter's brother and sister-in-law, Mr. and Mrs. Stewart Carter, Cavendish Avenue, Victoria.

Rev. David McCullough has left for Toronto, where he will complete his

## JUDGES NAMED FOR ONTARIO

Canadian Press  
Ottawa, Sept. 24.—Making a clean sweep of the judicial vacancies in Ontario, the government yesterday appointed a chief justice, two judges to the Supreme Court and six to the county courts. Hon. Newton Wesley Rowell, K.C., a veteran Ontario barrister, and member of the war-time Unionist government, was selected for the vacancy created by the resignation early this summer of Sir William Mulock.

Hon. Ernest Lapointe, Minister of Justice and Acting Prime Minister, announced that for the two additional Supreme Court appointments requested by the Ontario government, the choices were: Edgar R. E. Chevrier, K.C., member of Parliament for Ottawa East, and Ainslie W. Greene, K.C., also of Ottawa. To fill the vacancy created in the House of Commons by Mr. Chevrier's appointment writs have been issued for a by-election to be held October 26.

Mr. Lapointe also announced the appointment of W. E. Gladstone Murray, Canadian-born executive of the British Broadcasting Company, and Augustin Frigon of the Polytechnic School, Montreal, as general manager and assistant-general manager of the Canadian Broadcasting Corporation.

This was in accordance with recommendations of the radio governing board as announced Tuesday by L. W. Brockington, chairman of the board.

Studies for the ministry at Knox Theological College. Before he left the congregation of the Presbyterian Church and the Ladies Association made presentations to him.

Mr. and Mrs. Fred Weaver left on Sunday to spend a few days at Vancouver, accompanying their son Kenneth, who will enroll as student at the University of British Columbia. Robert Ota and John McMillan also left on Sunday to attend the university.

## PLEASE ACCEPT THESE

# 2 FREE GIFTS

TO CELEBRATE JOHNSON'S FIFTIETH ANNIVERSARY

Both gifts absolutely FREE

—with the purchase of either Johnson's Wax or Glo-Coat in this special Package. Act quickly, supply limited.

We offer these two free gifts for two reasons: To celebrate Johnson's 50th Anniversary, and so you can try these two new Johnson products. These are full, regular sizes—value 55¢—not samples. You pay only regular prices for either Glo-Coat or Johnson's Wax.

See these Free Gift Packages at your dealer's now. Package contains (besides the Free Gifts) either a pint of Glo-Coat—a pint of Johnson's Liquid Wax or a pound of Johnson's Paste Wax.

Purchase either one of these well-known products and receive 2 free gifts

JOHNSON'S WAX (Paste or Liquid) For 50 years this famous product has made homes more beautiful—protected floors, furniture and woodwork—saved hours of housework.

Today it is used more than ever. There are so many extra uses for Johnson's Wax—leather goods, suitcases, iceboxes, pantry shelves, window sills, lampshades—saving housework all year long.

JOHNSON'S GLO-COAT—no-rubbing floor polish, used in over one million homes. Gives floors a brilliant lustre, and lasting protection. Easy to apply—simply pour a little Glo-Coat on the floor, spread it lightly over the surface. In 20 minutes your floors gleam with new beauty. (No Rubbing or Buffing.)

Giants Will Be Forced to Rely On Great Hubbell

With New York Series Practically a Cinch Experts Start Predictions

Yanks Appear To Have Edge

By ALAN GOULD

New York, Sept. 24.—The more or less nerve-racking approach of the New York Giants to the world series with the neighboring Yankees finds the dramatic outlook somewhat reminiscent of the last of three baseball wars fought out on opposite banks of the Harlem River in 1923.

Then, as now, in a manner of speaking it was "brains versus brawn."

Instead of the battle of wits between the most famous of all master minds, John Joseph McGraw, and the greatest of all sluggers, Babe Ruth, this year's affair finds a pupil of the old master, William Harold Terry, devising strategy to meet the slugging ensemble led by Larruping Lou Gehrig, the new home run king.

WERE ROOKIES

Terry and his infield mate, Travis Calvin Jackson, were just two young fellows being ripened for regular duty when the last "subway series" was played. Jackson pinch-hit against Herb Pennock one afternoon, but otherwise he and Terry were just so much background in a series that saw Ruth and company blast their way to triumph after two successive setbacks in 1921-22.

The Yankees, with Joe McCarthy directing manoeuvres from the bench and the late Miller Huggins still operating on the theory that a home run is the best strategy.

The Giants still play "McGraw baseball." They aim for the breaks, feature a tight defence, and rely upon the resources of a pitching staff headed by the great Carl Hubbell.

It remains to be seen whether one great moundman can carry the Giants to victory in the world series. Except for the veteran knuckle-baller, Freddy Fitzsimmons, the National League have no other pitcher who now appears capable of giving the celebrated exponent of the screwball much support.

It was not until attempts were made to introduce the Smyrna fig into California that the strange process necessary to the growth of edible figs of that variety first came to light.

Late in the 1880's a San Francisco newspaper sent to Smyrna for 14,000 fig cuttings and gave them to its readers, believing that the closely similar climate in California would give the fruit ideal growing conditions.

Upon observation, the investigator discovered that the wild figs contained tiny insects which flew to the cultivated trees and forced their entrance into the young fruit. They bore a necessary pollen contained in the wild fig that fertilized the cultivated fig, allowing it to grow to full maturity.

With the secret at last known, Agriculture investigator made a trip to Smyrna to solve the problem.

Here he found that the natives of the region never failed to plant outside their orchards a few caprifig trees which bore an inedible dwarfed fruit. At certain times in the year, the natives gathered strings of the dwarfed figs and hung them on the cultivated trees "to ward off evil spirits."

Jockey Honors To Christensen

Coast Final To Start Tonight

Portland, Ore., Sept. 24.—Whether Portland's Pacific Coast League baseball team can maintain its winning pace or is due for that not-unusual late-season slump will be answered partially tonight when the Beavers clash with Oakland in the initial game of the final playoffs.

The teams will play here Saturday night and Sunday afternoon, skipping Friday because of the Portland High School interscholastic grid inaugural, before going to Oakland for the remainder of the four-out-of-seven game series.

By booting home four winners and a third, Jockey Ray Christensen yesterday assumed the riding crown for Willows race-track formerly worn by Emil Sporti, who now lies in hospital with his foot in a cast as the result of his mishap on Brilliant King Tuesday.

Christensen had the leg up on Gay Polles and Bad Boy, winners of the double event for the second and third races, Brown Jester in the fourth to make it three in a row, and finally Spanish Light in the seventh. With better racing luck he would have had five, only missing by two noses with Time Enough in the first, after running into two pockets during the race. As it was he performed the best riding feat of the meeting.

After Tuesday's longshots, the betting favorites had a little better time of it yesterday, although the day started off with two long-priced winners. A. E. Smith's Cereus Lady got the call by a scant nose over the fast-closing Duke Pohl in the first, and returned \$31.15 straight. Then Gay Polles led from wire to wire in the second and posted \$27.45.

MR. SPENCE WINS

Charles Farrell's classy sprinter Mr. Spence, an offspring of General Thatcher, won the feature handicap at six furlongs and thirty yards. He took the lead from the Greencroft Stable's Goodstreak II after going a quarter and dogged it out up the stretch to ward off a challenge from Herb Pullerton's Wracas.

It was Farrell's first win of the B.C. season. Cap Lacro brought home a purse in the fifth for Mrs. I. R. Hunter, mother of the famous Victoria jockey, Jimmy Hunter. This speedy son of Sir Lanny easily defeated the favorite, Captus, leading from the first turn.

Over the distance of one mile and one-eighth in the seventh, Spanish Light was an easy winner from Flying Atom and Idle Talk. He was installed favorite in the betting, and Christensen made no mistakes.

The daily double, with Gay Polles, a 13 to 1 shot as the first ball, returned \$77.95.

Tabulated results follow:

First race—Three-year-olds and up, five furlongs and thirty yards. 1. Cereus Lady (113) John 1.15 2. Duke Pohl (112) Miller 2.00 3. Time Enough (112) Christensen 4.15

Also ran: Laura Clay, Kala A. Evelyn May, Jubal, Jangle Chick. Time 1.08 2.5.

Second race—Four-year-olds and up, one mile. 1. Gay Polles (109) Christ 2.75 2.80 3.10 3.20 3.30 3.40 3.50 4.00 4.10 4.20 4.30 4.40 4.50 4.60 4.70 4.80 4.90 5.00 5.10 5.20 5.30 5.40 5.50 5.60 5.70 5.80 5.90 6.00 6.10 6.20 6.30 6.40 6.50 6.60 6.70 **LEW KING SOON**

Funeral service for the late Lew King Soon, who passed away in the Jubilee Hospital on September 18, took place yesterday afternoon at 2 o'clock. The service was conducted by Rev. Chow Ling, and many friends and relatives of the deceased attended. The casket was covered with floral tributes. The service was held at the Chinese Cemetery.

**Obituary**

**WILLIAM BERSFORD WOOD**

Funeral services were held at St. Barnabas Church this morning for William Bersford Wood, Rev. N. E. Smith officiating. Two hymns were sung. "The King of Love My Shepherd Is" and "Abide With Me." Interment was made in Ross Bay Cemetery, the pallbearers being W. Pearce, T. C. Crease, T. Silsby, H. Clear, E. V. McIntyre and W. Ashley.

**Obituary**

**WILLIAM CHANDLER**

The funeral of the late William Chandler, who passed away in this city on Monday, took place yesterday afternoon. Rev. Alan Gardiner conducted the service, during which the hymns "Lead, Kindly Light" and "Nearer, My God, to Thee" were sung. Interment was made in Royal Oak Burial Park, with the following as pallbearers: J. H. Porter, F. Elston, M. McDuff and J. McDonald.

**Obituary**

**MALCOLM MORRISON**

Many friends attended the last rites for Malcolm Morrison yesterday afternoon. Rev. Canon A. E. del. Rums officiating. The hymns "Abide With Me" was sung, and Dr. J. E. Watson presided at the organ. The casket and hearse were banked with beautiful floral tributes. The following were pallbearers: Major F. M. McNaughton, William Hall, D. C. Colclough, George Sheard, Frank Mann and W. O. Plowright. The remains were laid to rest in the family plot in Ross Bay Cemetery.

**Obituary**

**JANET MURIE**

In the presence of many friends, last rites were held yesterday afternoon over the remains of Mrs. Janet Murie. The service was conducted by Rev. Daniel Walker. The casket was covered with floral tributes, among them being a spray of roses and carnations from the Burns Club, of which the late Mrs. Murie was a member. The hymns sung were "Abide With Me" and at the close of the service the hymn "Peace, Perfect Peace" was rendered by the congregation. Interment was in Ross Bay Cemetery, and the following were pallbearers: C. More, J. McMartin, D. Crawford and three members of the Burns Club, N. B. Pollock, J. Crossen and T. Main.

**Obituary**

**DOUBLE FUNERAL**

Double funeral services for Mrs. Eleuthera Doak Lemmex and Mrs. Frances Ann Amos, who passed away on September 18, were held yesterday afternoon at 2:30 o'clock. Rev. E. W. Horton conducted the services, during which Mrs. S. M. Morton rendered the solo, "The Old Rugged Cross," and the congregational hymns sung were "Nearer, My God, to Thee" and "Abide With Me." Both caskets were surrounded by a large number of floral tributes. The chapel was filled to capacity, and among those in attendance were representations from Carle Rebekah Lodge No. 45, Colfax Rebekah Lodge No. 1, and First United Church. Honorary pallbearers for Mrs. Lemmex were: Charles Wilson, W. J. V. Church, Fred M. McGregor, Robert Winter, Thomas Rickinson and Malcolm Stewart; and active pallbearers were: Dr. Thomas Miller, Dr. W. W. Bryce, Capt. C. I. Harris, Robert Morrison, Alex. McDonald and Alex. McLennan. Honorary pallbearers for Mrs. Amos were: Dr. Thomas Miller, Dr. W. W. Bryce, Capt. C. I. Harris, Robert Morrison, Alex. McDonald and Alex. McLennan. Honorary pallbearers for Mrs. Amos were: Dr. Thomas Miller, Dr. W. W. Bryce, Capt. C. I. Harris, Robert Morrison, Alex. McDonald and Alex. McLennan. Honorary pallbearers for Mrs. Amos were: Dr. Thomas Miller, Dr. W. W. Bryce, Capt. C. I. Harris, Robert Morrison, Alex. McDonald and Alex. McLennan.

## Sees Heavier Travel Season

Miss K. A. Foster of Ask Mr. Foster Service Is Visitor to City

An even heavier travel season than the summer now ended is envisaged for next year by Miss K. A. Foster, director of personnel and training for the Ask Mr. Foster service, and sister of Ward G. Foster, the original Mr. Foster, who is at present a visitor to Victoria.

Travel reservations are not the only merchandise handled by the Ask Mr. Foster service, which has seventy agencies in the United States and eight in Canada, although travel represents 99 per cent of the business. The service will provide everything from insurance to name tags for clothes, and school enrollment to canoes in the backwoods.

Half a century ago the original Mr. Foster and his young wife operated a stationery store in St. Augustine, Florida. In due season luxury travelers came to the town and asked many questions about many subjects, and the hotel clerks would refer them to the Foster store.

It was in that way that the Ask Mr. Foster service was evolved, the name developing of itself from its frequent repetition by hotel men.

Today every Ask Mr. Foster manager, Miss Foster explained, has to be a university graduate, with poise, knowledge of the world, a person who has traveled, and knows something of psychology and diplomacy. It is the desire of these young women that Miss Foster supervise.

Miss Foster arrived from Vancouver yesterday afternoon to visit Miss Emma Thompson, the Ask Mr. Foster representative at the Empress Hotel.

## Connell Flays Spoils System

Launching New Party He Decries Patronage: Stands By Constitution

In the first of four speeches outlining the programme of his party, composed at present of four ex-C.C.F. members, Rev. Robert Connell, leader of the Opposition, in the B.C. Legislature, delivered a slashing attack on the patronage system.

Mr. Connell opened his remarks by pointing out he had laid down his views in the B.C. Legislature—last spring and at public meetings, and wished to restate them.

One of the first principles of his group, he said, "was that there should be no shadow left of the spoils of the victors' policy."

"We stand for the complete removal of the civil service from the interference of political parties, the placing of its appointments and its promotions on the basis of merit, capacity and efficiency," he declared.

Nothing had contributed more to the lack of confidence in government, of either party than the open use of political power to advance the interests of the party, and there was a glaring example of it in B.C.'s road work.

**NO RIGHTS**

"We refuse to recognize the right of anyone to reward at the public expense whether in salaried place or at the cost of inefficiency because he has supported our political policies or those of any other group," he said.

Mr. Connell declared loyalty to the B.C. Constitution, and expressed himself for the preservation of "to the fullest possible extent the individual values expressed in personal liberty."

Mr. Connell made it clear he feels the province can deal only with certain problems of government, although it can help in others.

"Any profound changes in our political or economic structure have their origin in that larger body whose organ is the Parliament of the Dominion of Canada, and can only be carried to a successful issue with the consent of all the participating provinces," he said.

**SUBVERSIVE OPINION**

"But because we are limited in the range of problems which we can solve within our own bounds, two ideas are presenting themselves to the minds of people in this province today. One is that we shall pay no heed to our limitations but go on ahead anyway and without regard to consequences, whatever they may chance to be. Such an idea is in my opinion dangerously subversive, and if carried out could only result in chaos.

"The other idea is that one which my colleagues and I stand for and which I am convinced must and will commend itself to the sane and thoughtful people of this province, namely, that we should endeavor to solve our problems to the utmost limit of our provincial powers, and that in doing so we shall be laying the best and surest foundation for the welfare of our people in the years to come."

**ELIZA JANE GOODHEW**

Private funeral services for Miss Eliza Jane Goodhew were held yesterday afternoon. Rev. William Allen conducted the service, during which one hymn, "Peace, Perfect Peace," and one solo, "All the Way My Saviour Leads Me," were sung. The remains were laid to rest in the family plot at Royal Oak Burial Park.

## NEWS IN BRIEF

Relatives today sought police assistance to locate Mr. and Mrs. Victor Gravin who have been missing from their respective homes since Tuesday night last.

The Seafarers Industrial Union will hold a general meeting tomorrow evening at 7:30 o'clock at their headquarters, 1304 Government Street. All members are requested to attend.

At 2:30 o'clock tomorrow afternoon at Victoria High School the various awards won by former Victoria High School students at the recent matriculation examinations will be made.

Bank clearings in the city for the week ended September 21 were \$1,722,222, according to a statement issued this morning by the Victoria Clearing House. The figures for the corresponding period last year were \$1,568,468.

The Victoria Public Library will be closed for alterations on Monday, Tuesday and Wednesday of next week. In order to curtail the service as little as possible, borrowers may take out extra novel and as many non-fiction as they wish on one card.

A new milk-marketing scheme for the Fraser Valley dairy industry, subject of numerous representations to the government in the last few weeks, is expected to go before the provincial cabinet tomorrow for approval.

The Beauvilliers will hold their first meeting of the winter schedule this evening at the Crystal Garden at 8:15 o'clock. The meeting will be followed by dancing and refreshments. All visitors interested are invited to attend.

Posts in the Market Building and in the Fire Department headquarters were declared sound in a report filed by the city building inspector with the city clerk today. An inspection of the structures was ordered by the City Council in the belief the posts were rotten.

Members of the Real Estate Board of Victoria will hear an address by George I. Warren, commissioner of the Victoria and Island Publicity Bureau, on "Intimate Details of the Work of Your Publicity Bureau," at the board's luncheon in Spencer's dining room tomorrow at 12:30 o'clock.

A car owned by W. M. Neil, 2605 Douglas Street, was damaged this morning in an accident on the Gorge Road when it was struck by a truck driven by Alex. McMillan, 1326 McNeil Street. The Neil car was parked and the truck was proceeding west when the accident occurred. There were no personal injuries.

The directors of the Victoria Automobile Club will hold a luncheon meeting tomorrow at 12:30 o'clock in Spencer's Cafe. G. H. French, president, and T. J. Goodlake, secretary, will present a report on the meeting of the western division of the Canadian Automobile Association held in Vancouver in August.

Archie McKinnon, physical director of the Y.M.C.A. and coach of the track team at the Olympic Games, will tell of his experiences at the recent great athletic meeting in Germany at a supper gathering of the First Baptist Church Men's Club to be held in the church social hall on Friday evening at 6:30. All men are invited.

The Co-operative Commonwealth Federation will convene a series of regular weekly meetings in the Chamber of Commerce next Monday evening, when the speaker will be Dr. J. Lyle Telford, Dr. Telford, the C.C.F. standard-bearer in the recent B.C. election, was elected president of the provincial council at the last convention and is well known as a radio speaker.

The regular meeting of the Stamp Club of the Victoria High School was held at the school yesterday. Lee gave an interesting talk on stamps that are uncommon, and also gave members of the club some rare stamps. John Gower, who was to have talked on stamps, was absent, but will address the club next Wednesday. Brisk trading marked the latter part of the meeting.

Councillor T. Harry Hodgson will not seek re-election to the Esquimalt Council at the municipal polls next January, he told a meeting of the Esquimalt Ratepayers' Association last night. Councillor Hodgson and Councillor Frederick G. Eaton represent the association on the council. Councillor Hodgson has been absent from several recent council meetings, and said last night, "I am fed up with all this."

A Siamese-twin mushroom, fused together at the umbilicus-like top and growing on two separate stems joined at the base, was found yesterday by F. W. Burdge, Oak Street, Saanich. Mr. Burdge picked the mushroom in a pasture adjoining his property, from which he has taken large numbers of the edible fungus in the last three years. In addition to its unique fusion, the mushroom also had a ment apparently detachable from the main body of the edible top. The segment was covered with its own skin and merely fitted into mushroom proper in a manner similar to that of a joint made by an expert joiner.

Appeals over the disputed ownership of a fractional claim in the Cariboo area opened today, with T. E. Wilson representing the Cariboo Gold Quartz Mining Company Limited (plaintiff and appellant) and D. N. Hosie and J. E. Temple McMillen, the Island Mountain Mines Company Limited (defendant and respondent). Another appeal in which the two companies appear in the opposite roles, is pending before the court. The action follows judgment of D. A. McDonald, in B.C. Supreme Court, Vancouver, in which claims to ownership of the property in question put forward by the two companies were declared invalid. The one judgment covered both claims.

## FIRE DAMAGES MACHINE SHOP

Evans, Coleman and Johnson Bros. Plant Is Scene of Early Blaze

A loss of several hundred dollars from fire was sustained by Evans Coleman and Johnson Brothers early this morning when flames caused extensive damage in their mechanical workshop.

The loss consisted chiefly of damage to the framework of the building, a number of tires stored there and equipment.

It was unofficially reported the loss would probably exceed \$500.

Origin of the blaze was reported undetermined by fire department officials this morning. The blaze broke out about 3:15 o'clock.

## Overnight Entries At the Willows

First race—Claiming, three-year-olds and up; five and one-half furlongs:

3899 Elkhart ..... 115  
3900 Brown Bonnet ..... 112  
3901 Mabel Mingo ..... 112  
3902 Keston ..... 115  
3903 Duke Pohl ..... 115  
3904 Candid ..... 112  
3905 Happony ..... 105  
3906 Verna Loan ..... 105

Second race—Claiming, three-year-olds and up; six furlongs and thirty yards:

3898 Beaver Boy ..... 112  
3900 Evelyn May ..... 107  
3901 Joy Hill ..... 117  
3902 Vime ..... 107  
3903 Kate A ..... 117  
3904 Al Green ..... 117

Also eligible:

3905 Busy Seth ..... 117  
3906 Time Enough ..... 117  
3907 Dutch Boy ..... 117  
3908 Dutch Boy ..... 117

Third race—Claiming, three-year-olds and up; bred in Western Canada; one mile:

3892 Ladyfry ..... 113  
3898 Cisco Kid ..... 111  
3900 Lady Aurelius ..... 108  
3901 Laybarn ..... 116  
3902 Firm Milk ..... 116  
3903 Somers Choice ..... 118  
3904 Princessa ..... 116  
3905 Edison ..... 116

Fourth race—Claiming, three-year-olds and up; bred in Western Canada; six furlongs and thirty yards:

3902 Trossacha ..... 117  
3903 Top Lap ..... 117

## My Boyhood Ambition

A LACROSSE PLAYER

Only one thing meant much in life to a boy.

He wanted to be a good lacrosse player.

Falling that he wanted to be good in other sports.

When he came west he displayed to those interested in the game, the achievements of his lacrosse hopes. He was a fine player.

"How did I get my first dollar?" I'd hate to tell you. The folks gave me a dollar to learn to milk a cow. And when I learned they kept me milking all of them," the veteran alderman says.

He started his public life unspectacularly some years ago. At a meeting of the Victoria Trades and Labor Council his name, with those of J. S. Woodward and Christian Siverts, was put forward for alderman in the civic election.

"I was elected then and I'm still here," he says.

"If I had it all to go through again, I'd see I got a better education than I have today. And I don't think I'd overlook the opportunities I've wasted," he says.

Coming here from the east at the age of nineteen, young "Bob" drove a bakery wagon. He took the job in September, and it rained every day for a month. He has been in the employ of the B.C. Electric Railway Co. as a motorman for many years.

## Sloan Acts In Murder Appeals

Will Appear Before Supreme Court in Two British Columbia Cases

Pursuing his policy of acting personally in major cases concerning the crown, Attorney-General Gordon Sloan will appear before the Supreme Court of Canada in two murder appeals next month.

He will argue the crown's case in Rex vs. George Dunbar and Earl Russell, and the Rex vs. George Dunbar and Earl Russell.

Dunbar and Russell face death sentences for participation in a bank holdup in Vancouver, which resulted in the death of a teller. The three George Dunbars, Indians, were convicted in connection with the death of Indian Constable F. H. Gishourne at Canford Indian Reserve two years ago.

Returning here for the fall session of the Legislature he will leave some time in November for London to act for the province before the Imperial Privy Council in the Canadian constitutional reference cases.

Although fall began officially two days ago and the trees are changing color, a surprising number of United States cars are still to be seen on the streets of Victoria.

Among the latest registrations at the Empress Hotel from California are: Mr. and Mrs. E. A. Jackson.

## New Companies Incorporated

Nine new British Columbia companies were incorporated this week, according to the Registrar of Companies, who issued the following list of new incorporations today.

Australian Lightning Totaliser (North America) Limited, \$10,000, Vancouver.

Wedkirk Timber Co. Limited, \$20,000, New Westminster.

Bingham & Co. Limited, \$25,000, Chilliwack.

Manning Lumber Mills Limited, \$20,000, Vancouver.

International Lime Corporation Limited, \$200,000, Vancouver.

Loughborough Gold Mines Limited, N.P.L., \$750,000, Vancouver.

North Star Mining Co. Limited, N.P.L., \$1,000,000, Kamloops.

Montreal Gold Limited, N.P.L., \$1,500,000, Vancouver.

Skipper Mines Limited, N.P.L., \$100,000, Trail.

Extra-provincial registration:

A. Wender Limited \$1,000,000, London, England, and Vancouver.

Montreal Gold Limited, N.P.L., \$1,500,000, Vancouver.

Vancouver Restaurant Owners Association, Vancouver.

Co-operative Westminsters, Sumas Trucking and Co-operative Union, Abbotsford.

The Kootenay Co-operative Poultry Association, Nelson.

## Admits Taking Money Falsely

Evan J. Robinson Pleads Guilty to Three Charges; Says Gambling Cause

Evan J. Robinson pleaded guilty to two more charges of obtaining money by false pretences when he appeared on remand before Magistrate Henry Hall in the City Police Court this morning.

He admitted obtaining \$6 each from P. E. Grimes and John Spelman. Yesterday he pleaded guilty to falsely obtaining \$7 from Marjorie C. Breckenridge. Gambling, he said, was responsible for his actions.

The three informants said the accused had told them all the same story. He had offered them wood at \$2 and \$3 a cord but asked that the money be paid in advance in order that he might have his damaged truck repaired to haul the wood. In each case he gave them receipts for their money but failed to make delivery.

The case was remanded a day when C. L. Harrison, prosecutor, told the court additional charges may be preferred against the accused.

## "Y" MAY HAVE NEW COURSE

Economics May Be Added to Y.M.C.A. Education Schedule

At the first meeting of the educational committee of the Y.M.C.A. yesterday evening the members considered a proposed course in economics to be added to the curriculum for the season, the outline of which was presented by Dr. Allan Peebles.

A committee consisting of Dr. Allan Peebles, J. B. Cleary and Dr. A. M. Menzies was formed to promote the course. The course will be open to the public, and will cover a period of sixteen weeks, taking in local, provincial, national and international economics.

Organization reports of the present work were also given. It was decided the organization meeting of the men's public speaking class would take place the evening of Tuesday, September 29, while the get-together meeting of the women's public speaking group would be held on October 1.

The Toastmasters' Club will meet September 30 at 6:15 o'clock at a supper to be held in the Y.M.C.A. cafeteria.

The Speakers' Club will hold its first meeting of the season on Wednesday, October 7, at 8 o'clock, when the annual election of officers will be held, and the programme arranged for the season.

The report on the craftsmen's guild stated that club to be reorganizing for the coming season under A. Cann and Maurice Pickering.

At the present time the members were studying photographic technique and over thirty were making use of the laboratory. The educational committee will meet at Sooke on Sunday on the invitation of Mrs. W. A. Jamieson for the committee set-up meeting.

Maurice Pickering was elected secretary of the committee.

**Visitors Still Coming to City**

Although fall began officially two days ago and the trees are changing color, a surprising number of United States cars are still to be seen on the streets of Victoria.

Among the latest registrations at the Empress Hotel from California are: Mr. and Mrs. E. A. Jackson.

## WHEN SHOULD A CHILD BEGIN PIANO LESSONS?

The consensus of opinion among the most able teachers of the piano is that a child should begin piano lessons at the age of seven. It is the acquisitive age when new thoughts are most easily acquired.

If you have a child five to seven, why not consult and choose your piano now? Prices were never lower or terms so reasonable. For example, these instruments are just like new, yet they are priced at less than half their original cost.

STANLEY UPRIGHT ..... \$150  
MOZART UPRIGHT ..... \$175  
GERHARD HEINTZMAN, cabinet grand ..... \$250  
HEINTZMAN & CO.—Canada's Finest piano ..... \$295

## FLETCHER BROS.

1110 DOUGLAS STREET (VICTORIA) LTD.

Mered; Mr. and Mrs. H. McGraw, Los Angeles; Mrs. Henry de Roubert, Los Angeles; Mrs. Anthony Sandbank, Crockett; W. H. Fisher, Red Bluff; Mrs. P. K. Beckett, Mrs. W. Kerling, Mrs. A. Lucas, Mrs. M. McPherson, Mrs. V. M. Halsing, Miss Gladys Well, Mr. and Mrs. F. Merchant, Judge and Mrs. O. W. Schenck, all of San Francisco, and Miss S. H. Nichols, San Diego.

From other states are: Mr. and Mrs. W. M. Kerr, Rye, N.Y.; Dr. and Mrs. R. E. Grady, Minneapolis; Mr. C. M. Lester, Chicago; Mr. and Mrs. P. L. Campbell, Gahad, Tex. and Mr. and Mrs. C. L. Hinkle, Chicago.

Registrations from further afield include Mr. and Mrs. J. A. Geith, Holland, and four English visitors: Miss D. Griffiths and Mr. and Mrs. John Shulman, Coventry, and Anthony Lebins, Sandy, Beds.

A "shirtless young man with his pants rolled up so that his knees are exposed to the chill morning breezes, and with a placard swinging on his back as he hurries along sidewalks, is no cause for alarm these days.

No need one worry when he sees a sweet young lady out of Aunt Emma's photograph album, in voluminous skirts and wearing green ribbons in her hair, tripping along with an air of indifference.

Freshman Week has started at Victoria College.

Until the initiation dance Friday evening, all newcomers are required to attend lectures and be seen in the streets in strange garb. The boys must wear no ties, and the girls odd shoes.

Both boys and girls must wear placards bearing their names.

The days when initiations included smothering freshmen in molasses, tying them up in bars, throwing them in ponds and keeping them away from the first dance of the year, is gone forever, to the regret of the sophomores. Any form of hazing likely to cause damage to the college buildings or the freshmen is strictly prohibited.

## Turns Head Over Heels 176 Times

Trevor Lewis Makes Four-block Trip Seated on Inside of Truck Tire Bowled Along by Marvin Squire

A young man being turned head over heels as he sat squeezed inside a large truck tire rolled like a hoop by another man caused some excitement on Port and Douglas streets at noon today.

It all started over a bet. Marvin Squire, proprietor of the Coash Lines Depot service station, bet Trevor Lewis of the Lewis Cartage Company, that he could not make the ride. Lewis bet he could, and won a dollar.

Squire propelled the tire up Broad Street to Port, up Port to Douglas, along Douglas and then down Broughton to his starting point again. After the trip Lewis staggered a little.

A truck tire has a circumference of about 10 feet.

An average city block is 440 feet long.

Lewis therefore traveled 1,760 feet, or one-third of a mile.

He made 176 complete revolutions.

**Bids Opened On Highway Work**

Tenders for reconstruction of highway between Kitchener and Gossfield, on the Southern Transprovincial Highway, from mile 378.8 to 384.9, were opened by Hon. A. Wells Gray, Minister of Lands, today in the absence of Hon. F. M. MacBrien, Minister of Public Works.

Six bids were submitted as follows: A. H. Green, \$16,039.25; General Construction Co. Ltd., \$17,824.90; R. E. Page, \$18,704.90; John G. Burnett, \$22,207.40; E. R. Taylor Construction Co. Ltd., \$26,427.30; and L. H. Rawlings, \$27,539.

The bids were referred to the departmental engineers for report and recommendation and the contract will be let after approval from Ottawa. The work is part of the joint Dominion-provincial highway programme.

## QUASH MAIN MINE APPEAL

The B.C. Court of Appeal reserved judgment on one section of the appeal in the case of T. Pavich et al. vs. Tulameen Coal Mines Limited at yesterday afternoon.

Earlier in the hearing the company's appeal against judgment in favor of Pavich and some ninety others, giving them mechanics liens on the property for back wages, was quashed.

The British mint struck 17,000,000 coins from foreign countries during 1933, but only four bronze British pennies were made.

# CLASSIFIED ADVERTISING TELEPHONES—E4175, E4176

## Victoria Daily Times

MEMBER ADVERTISING BUREAU CIRCULATION

TELEPHONES  
6 a.m. to 8 p.m.—Circulation  
Advertising  
E4175  
E4176

CLASSIFIED ADVERTISING RATES  
15¢ per word per insertion.  
Minimum charge, 25¢.  
10¢ per line per month.  
Minimum charge, \$2.00.

Births \$1.00 per insertion.  
Marriages \$1.50 per insertion.  
Deaths \$1.50 first insertion, and \$1.00 succeeding insertions.  
Funeral notices, in Memoriam notices and Card of Thanks, \$1.50 per insertion.

In computing the number of words in an advertisement count five words for the first two lines and seven words for each line thereafter. This is not an absolute guide to the number of lines, much depending on the length of the individual words.

The Times will not be responsible for more than one incorrect insertion of any advertisement ordered for more than one issue. Any claim for insertion on account of error or omission must be made within thirty days from the date of the name otherwise the claim will not be allowed.

Advertisers who desire it may have replies addressed to a box at The Times Office and forwarded to their private address. A charge of 50¢ is made for this service.

Subscribers wishing their addresses changed should notify this office as well as the carrier if your Times is missing, phone E4175 before 5 p.m. and a copy will be sent by special messenger.

INDEX TO CLASSIFIED ADS

## REGULATION UNDER THE "FISHERIES ACT"

## NOTICE

## To Whom It May Concern

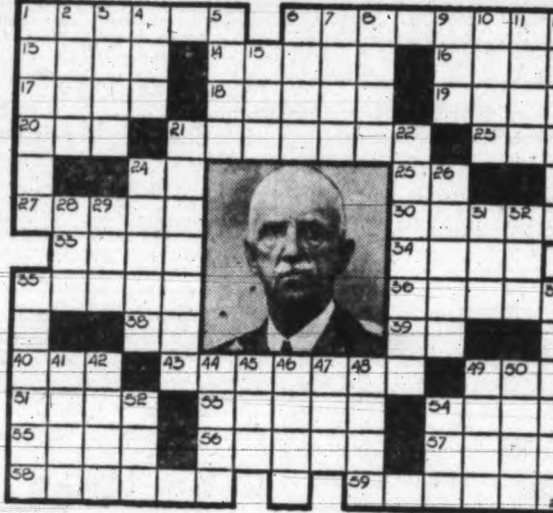

Attention is directed to the following regulation made under the Provincial Fisheries Act, Order-in-Council No. 3474. "All applications for a herring, dry-dried license shall be made to and received by the Commissioner of Fisheries not later than 12 o'clock noon on Wednesday the 30th day of September, 1936, in respect of any license which shall expire on the 31st day of March, 1937, and no application for any such license received after 12 o'clock noon on the 30th day of September, 1936, shall be approved." Dated at Victoria, B.C., this 23rd day of September, 1936.

(Signed) GEO. J. ALEXANDER,  
Assistant Commissioner of Fisheries.

## Making Fish Clean House

By Science Service.  
Washington—An ingenious way of making young trout clean house, that is to say, sweep out the debris in their pond, has been devised in a new type of trout rearing pond. By putting the fish to work, the Bureau of Fisheries expects to save considerable time of attendants who have had to scrub the ponds with brooms. The new house cleaning system is to draw off the water in the pond to a low point, introduce a stream of water low in the pond, and then the fish mop up by scurrying over the bottom, carrying the debris with them and dumping it in a catch basin.

## Today's Crossword Puzzle

**HORIZONTAL**  
1. King of Italy.  
13. Thought.  
14. Tubular sheath.  
16. Island.

The Burnside Lawn-Bowling Club will bring to a close its competitive season Sunday afternoon, with an open rink contest at 2 o'clock. This competition is open to bowlers in Victoria and district.

## KING'S PRISON TO BE EXPLORED

By Science Service.  
Munich—The castle where King Richard the Lion-Hearted was imprisoned when he returned from crusading in the Holy Land, now only an imposing ruin, is to be excavated and restored as a part of an extensive project for the investigation of some of the historic castle ruins in the Rhenish Palatinate, undertaken by the German state of Bavaria.

This castle, still known by its ancient name of Trifels, came into the possession of the German emperor, Heinrich IV, in the year 1081. During the reign of Henry VI it was rebuilt and extended; it was in this renovated castle that the famous English king was imprisoned, along with many Sicilian nobles.

## OBSERVANT

Judge: "After the prisoner put his fist through the window did you observe anything?"

Constable: "Yes, your honor, there was a hole in the glass."

## In Tuneful Picture At Atlas

George Barbier, Jna Mörkel and Maurice Chevalier, who have three of the leading roles in "The Merry Widow," the famous Franz Lehár light opera, which is now showing at the Atlas Theatre.

## CHINESE IN CLEVER SHOW

## Wing Wing Troupe From Shanghai Opens Engagement at Empire Theatre

Victorians who have visited the Orient will remember the extremely clever jugglers and acrobats who entertained tourists with their performances on the docks of the Whangpo River and in the streets of Shanghai.

A troupe of these jugglers and acrobats, picked from the best in Shanghai came to Victoria yesterday, after being in attendance at the Chinese Carnival at the Vancouver Jubilee celebrations all summer. Named the Wing Wing Troupe, the Chinese opened at the Empire Theatre in the afternoon, and played again in the evening, two large and delighted audiences attending. Performances will be given again tomorrow afternoon and evening and Saturday afternoon and evening.

**COLORFUL SETTING**  
The performance is professionally presented. Members of the troupe are garbed in attractive blue silk Chinese garb, heavily embroidered in brilliant colors with birds and dragons. The backdrop is especially worthy of mention. It is a great blue silk curtain, embroidered with artistic figures.

The acrobats are the outstanding performers with the troupe. As they performed on the opening day their feats were greeted with prolonged applause.

**THE BICYCLE ACT**  
One of the cleverest acts is given by the youth who rides round and round the stage on one bicycle wheel, picking up a hat, a coat, a cigarette and a match. Perfect balance, perfect poise, are shown in this act.

The high trapeze act is also good and some daring feats are performed.

## Columbia Shows "Charlie Chan"

Paris, Egypt, Shanghai and San Francisco provided previous Charlie Chan pictures with interesting locales, but none can be compared to the north setting of the big plot which forms the background for the new Fox thriller, "Charlie Chan at the Circus," now playing at the Columbia Theatre.

The complete resources of one of the nation's three big time circuses, the Al G. Barnes organization, which makes its winter quarters at Baldwin Park, near Los Angeles, was drafted by 20th Century-Fox for Warner Oland's new mystery film. Being shown as the second feature is "Guns and Guitars," starring Gene Autry.

## Where To Go To-night As Advertised

Atlas—"The Merry Widow," starring George Barbier, Capitol—"His Brother's Wife," starring Barbara Stanwyck, Columbia—"Warner Oland in 'Charlie Chan at the Circus,'" Dominion—"You're for the Asking," starring Dolores Costello, Empire—"Madame Lugrin-Fahey," Oak Bay—"Shirley Temple in 'Curly Top,'" Plaza—"Madeleine Carroll in 'The Case Against Mrs. Ames,'" PLUS

## "Merry Widow" At the Atlas

## Maurice Chevalier and Jeanette MacDonald Sing Famed Lehar Melodies

Gay Viennese music, continental joyousness, Parisian revels and charming old world romance blend with massive spectacle and glamorous locales in "The Merry Widow," Ernst Lubitsch's production of the Franz Lehár masterpiece, which opened today at the Atlas Theatre.

## "Curly Top" At Oak Bay

In place of the picture, "The Country Doctor," previously billed for Thursday, Friday and Saturday, the Oak Bay Theatre will present a double bill of two feature attractions, Shirley Temple in "Curly Top," and "Charlie Chan in Shanghai," starring Warner Oland in his familiar role as the bland Chinese detective.

In "Curly Top" Shirley is a little orphan girl who sings and dances her way into the heart of a lonely schoolboy, and makes both their dreams of happiness come true. The film, which features John Boles and Rochelle Hudson in the romantic leads, was produced by Winfield Sheehan and directed by Irving Cummings.

## "Secret Agent" Opens Tomorrow

W. Somerset Maugham's "Secret Agent," the G.B. production starring Madeleine Carroll, Peter Lorre, John Gielgud and Robert Young, will open tomorrow at the Dominion Theatre.

The production has been cunningly devised to not present a war-background, yet put across all of war's behind-the-lines intrigue and peril. The story starts in London with Ashenden, new member of the Secret Service, being assigned his first mission, which is to stop a German spy in Geneva from receiving orders and slipping away to Arabia, a move that would be fatal to the Allies' war plans.

PLAZA THEATRE  
Either Dale is a featured player in Walter Winger's sensational "The Case Against Mrs. Ames," coming today to the Plaza Theatre.

Hollywood has been known to plan a picture about a singer, then choose a star and teach him to sing or "dub in" a song. Miss Dale illustrates the reverse phase of film colony logic.

Once she was one of the nation's foremost concert soloists, doing opera and lighter work, touring the United States and Europe with recitals everywhere. Then she played a part in Paramount's "Crime Without Passion"—and gained immediate favor as a character actress.

**CAPITOL THEATRE**  
A brilliant young scientist is about to head an expedition into the jungle in an effort to master a dreaded disease. Taking a final fling at New York he meets a lovely girl in a gambling casino and falls in love with her. His brother dissuades him from abandoning the expedition. The youth heads into the jungle and in revenge the girl marries the brother. Returning, the half-crazed young scientist makes love to "His Brother's Wife," and persuades her to go back to the jungle with him. "His Brother's Wife" is being shown today at the Capitol Theatre.

# Quiet Trading With Close Stronger on Wall Street Market

Associated Press.  
New York, Sept. 24.—The stock market ran a slight temperature this forenoon over the foreign situation but felt better later and an assortment of issues came back for net gains of fractions to 2 points or so.

Profit-taking, at the same time, kept a number of leaders well in the background. The pace was slow after the opening. Transfers approximated 1,150,000 shares.

Fiscal troubles of the French, with concern expressed over the possibility of imminent devaluation of the franc, inspired early selling in most departments.

The last gave ground grudgingly, however, and the lightness of liquidation finally brought buying in several departments, although demand was far from buoyant.

The French currency stiffened when the Bank of France boosted its discount rate as a means of halting the gold outflow. Sterling, on the contrary, fell back sharply in terms of the dollar.

Domestic economic developments helped to affect nervousness caused by the cloudy prospects abroad.

## Canadian Press

Toronto, Sept. 24.—The Toronto Mining Share Market was heavy until the last hour today when a little nervous short covering and some new buying brought in a firmer tone and the close was steady to strong. Noranda closed at 66, its top for recent years.

Francisco gained about 15 cents and Hard Rock about 10 cents. Other issues closing higher were San Antonio, Slocow, Toburn, Biddgood-Kirkland and Reno.

Losses of a few cents each were shown at the finish for Preston, Pamour, Head-Autier, McWaters, Canadian Malartic and Shaden.

Eldorado was less active but the price held up.
